

## Payment Policies

- **Self-pay clients:** I will provide you with a superbill suitable for you to submit to your insurance. The superbill (which will also serve as a payment receipt) will be coded appropriately to the level of service provided during the visit. You agree to pay me \$165 at the time of the visit (cash, check) for first 90 minutes, \$200 for up to 2 hours. If the total fee for the visit is greater than the self-pay charge, I will not bill you for that balance. You agree that any fees paid by your insurance over and above the self-pay charge will be paid to me, either directly from your insurance or from you if your insurance sends you more than the self-pay fee. If you have twins, you agree to pay an additional \$55/half-hour past 2 hours. Follow up visits are billed at \$75 for the first hour, \$15 for each additional half hour.
- **Insurance:** Aetna and Independence Blue Cross Plan clients: I am in-network with Aetna and IBX, which means I will submit your fees for Aetna and IBX's consideration. Aetna's usual and customary allotment for each procedure will satisfy your account; ultimately, each client remains responsible for full payment for services. You are responsible for providing me with accurate insurance information and informing me of any changes in your insurance status; if you do not have coverage at the time I see you, you will be responsible to pay me at my self-pay rate.
