

Character outlines

EEN (ALIEN), 45 years of age and a renowned genetic scientist on his HOMEWORLD - lighthearted, intelligent, loving, thoughtful, his world is his work and his son. One of the reasons why his relationship with his son's mother didn't work.

ARLO (Alien), 8 years of age. Curious, bright, proud of his parents and with a knowledge of self that belies his tender years

LOYA (ALIEN), 35 years of age and a timeship engineer. She is fiercely independent. Pragmatic, Her mothers daughter. She has always flown in the face of tradition and expectation as her status as a timeship engineer evidenced. Witty and bold. A force of nature.

DJIBRIL (ALIEN), 50 years of age and a philosophy teacher and an expert on time travel history. He is the natural thought leader of the group.

EDEN (crossbreed), the product of harvested human eggs and Djibrils sperm. The first successful cross breed. Becomes the protagonist of the story, the eyes through which we see the story unfold. He holds human qualities and alien abilities. Our bridge into the alien psyche. Through his tribulations we see hope for resolution.
