Message from Kris McCorvey

We are off to a great start this year! We had our first meeting of the year and 36 women were in attendance. The Southlake Area Alumnae Club is a diverse group of women from chapters all over America. We have new college graduates, professional women and mothers. I am sad to say at this point we have no Golden Arrows.

The officers and chairmen of all of our committees worked hard this summer to set the calendar for a great year. Thanks to all who worked so hard.

There should be something in our programming that interests you. We also have a new reading program that is partially funded through the Fraternity Foundation. The program is called "CAR"

for **Champions are Readers**. This is an exciting new program that was developed and tested by the Houston Alumnae Club. It focuses on third grade readers in economically challenged areas. **Paula Shepherd** volunteered to be the chairman of this committee, and we can look for this program to be in place in 2004.

We have had five members of the Metrocrest Alumnae Club join us this year; they are **Maria Cramer, Michelle Garland, Shelley Kays, Kim Orgeron** and **Carol Stiffler**. Their former club also made a sizeable contribution to us as well as bequeathing us with their fundraiser of study bags for collegians.

Kelli Henderson and **Cathy Morris** are co-chairmen of the fundrais-

ing committee and they will need lots of help to put this project together.

Lesley Hedlund who served as co-chairman of the Alumnae/Chapter Liason is leaving to join her husband in Northern Virginia where he is consulting. We will miss Lesley, but wish her well.

We are in need of volunteers for our Oktoberfest Family Picnic. We need help in set-up and clean-up. **BJ Landers** is Co/ chairman for this committee and her number is 817-329-1555. Please call even if you can just donate a little bit of time. I hope to see you at all of our activities, Until then, **"Everything's Coming up Pi Phi."**

Yours in ΠΦ, Kris

Panhellenic for Southlake

We are going to establish a Panhellenic for Southlake. One of the functions of Panhellenic is to help High School Seniors separate truth from fiction about the Greek system, and let them know the benefits of being Greek on campus. All National Panhellenic Conference Sorority members can participate in this. Right now, we are thinking of having an article printed in the paper, with a kick-off party date announced. Plus, it would be great if every Pi Phi could bring a friend from another sorority. The goal for doing it now would be to have it up and running by the end of the 2003-2004 school year. This would allow all sororities access to new member information. Is anyone interested in heading this committee? Call **Kris McCorvey** 817-410-2641.

BOOKS BOOKS BOOKS

If you are cleaning out your books and magazines, don't throw them away! The Southlake Area Alumnae Club is establishing a giving library at the Tarrant County Women's Haven. We need all of your gently used books for this worthwhile cause. We have two bookcases that will always need books. Please bring them to the meetings and we will collect them there or call:
