Champions are Readers (CAR) We need you to read with the kids!

This is a national Pi Beta Phi literacy event, and we have the opportunity to read to children who otherwise would not get this attention.

We will read with 30 children who REALLY NEED US.

Maureen Gavin, former teacher of the year in Southlake, is our coordinator at the elementary school. She is an angel. She kept tearing up with love and excitement for this school and these children. She is so thankful for our help!
