About Us

Jack Anderson Elementary is second to none! We have achieved both regional academic accolades (identified as a REWARD school, being in the top 5% of all state schools) and national recognition for our fully Advanced Accredited STEM program.

Stewardship

We have an exceptional track record of squeezing every opportunity out of the funds we raise. We look for creative partnerships, rally the support of volunteers for school improvement projects, and continuously strive for the absolute best educational resources for our students.

Visibility and Gratitude

Our Spring Fundraiser provides substantial exposure for all event donors and sponsors. With our online event and auction management system, we maximize the span of our reach into the local and extended community. We look for every opportunity to recognize and promote our supporters!
