

# **ROOM PARENT INFORMATION**

Thank you so much for volunteering to be a room parent this year! We appreciate your help in supporting our teachers and classrooms throughout the year!

#### **GETTING STARTED**

- We allow a max of 2 room parents per classroom this makes communication much easier for the teachers and parents.
  - For classrooms with more than one room parent, determine how responsibilities will be split. One person should communicate with parents for the year.
- Request a list from the teacher of all parent/guardian email addresses in the classroom (**do not** share this list with anyone other than your other room parent).
- Ask your teacher how you as a room parent can best support them and their classroom throughout the year and ask what if any needs their classroom has.
- Ask your teacher if there are any classroom allergies that need to be taken into consideration when requesting snack sign-ups.

#### **CLASSROOM COMMUNICATION**

- Introduce yourself as the room parent(s) to the classroom using our Room Parent Intro Template Letter.
  - Always blind copy (BCC) your teacher on the email to keep them informed of communications with the classroom.
- Touch base with your teacher regularly to see if their needs have changed as the year progresses.
- Take note of teacher and assigned support staff birthdays
  - Save the birthdays on your calendar to serve as a reminder
  - Send an email to the classroom to let them know of the birthday and encourage students to do something special (wear their favorite color, make homemade cards, etc).
- Teacher/Staff Favorite Things list can be found on our PTO Website.
  - Keep these lists handy throughout the year!
