

Welcome to the first edition of the Game Changer Charters Newsletter, keeping you informed of the fishing action, open dates, pic's and stories of trips with clients. You will also see exclusive promo's for repeat customers and other opportunities to jump on a trip.

The 2021 season has started off great with early perch action on lake Erie from Mid March through the end of April. The fishing was unbelievable with 2 man limits of 100 jack perch being caught Routinely.

I caught a personal best perch of almost 16" and had several successful trips to the delight of happy clients and friends. Perch are starting to group up again now and charter opportunities will overlap with Walleye in June.

Big Thank you to
all these perch
Clients and
fishing friends I
hope you make it
back in the fall!

Perch: Bryan Deming with his two boys Landyn and Keegan put a beating on the perch. My favorite line was Bryan saying “this is the most fun fishing he has had in his lifetime”. The fish on the left was a typical finger lake trout and the one on the right was a typical lake Erie giant.

Families fishing together is such a blessing....

Salmon: Once we saw the perch spawn & scatter, we headed over to the port of Wilson on Lake Ontario to get in on the Salmon action. In the weeks leading up to the end of the LOC derby and the Wilson invitational we started strong and saw the angling pressure put a damper on the bite. We had to work hard and get creative, but we had success on every charter and really made some incredible memories.... and a bunch of new friends!

Congrats to Kim & Mike as first timers boating some special fish and one fish I will never forget.. 23lbs and 10 ariel jumps 300' behind the boat, that fish was simply spectacular. I decided to go with my gut and launch out of Olcott and go east. I wanted to get away from all the Boat traffic and it paid off. Big thanks to Jason Rendolfi for always booking multiple dates with Game changer Charters!!!

Rendolfi Group continued:

Kevin Kilbourne with a mixed bag of kings and lakers! Early Season action was fast and furious... Kevin Makes it out every year once or twice. He's always a pleasure to fish with! So glad you spent your first day off in 27 days on my boat!

Repeat customers Shawn Lafferty, Jason Rendolfi and their buddy Peter Pike braved all day rain and enjoyed incredible action all day! Well done boys!

Rendolfi Group Continued: this day was miserable, but I never had more fun... this salmon Pete is holding put a real whooping on him, but he got the job done!

Jason Rendolfi my main Man with a king.. trying to book his 3rd trip this year in July! I truly appreciate you Jason!

Repeat customer Shawn Lafferty with a king! I will see you again in July with Pop's I can't wait to see him Battle a king! Thanks so much for Booking multiple dates!

Next these boys drove from Cleveland and we hammered the delicious Coho's

Thank you Tom, Dave, Larry and Bob for making the trip, I'm looking forward to next year! I hope you enjoyed those tasty fillets.... You all were a nice group of gentlemen.. A contrast to the coppers for sure. But, just as enjoyable.... Next year we hammer the kings!

Next Came the coppers from Buffalo, what a group these fella's were... non-stop ball busting and lots of action... these boys were fun and Big! They made me buy the new boat.... Kidding!

Officer Bob Sheridan was one of the officers who received a trip on me last year as a thanks to those in blue...Ted Denoto is running for Erie County Sheriff and I hope he wins incase I get a ticket in Erie county... LOL! And then there was Derwin a school teacher who loves to break the chops... those poor kids!!!

Nate and Parker Hoffman book every year and we always fish as long as Parker wants to. We got a few and Parker wanted sunfish LOL... Thanks Nate for being a repeat customer I enjoy watching Parker grow up!

Then Came Avli and his son Gabriel, Man did I break a sweat on this trip... I couldn't get fish to go and for one reason or another it was tough. I had some help from my captain buddies and we finally started to get fish in the boat... Thanks Alvi and Gabe for keeping the faith and sticking in there! I will see you again July 18th! Thank you for rebooking this year!

Canandaigua Trout:

Two of my Favorite repeat clients Christine “The YNGoddess” Crocker and her Handsome son Ben opted to take my recommendation to fish this Gem of a lake and we found some dandy “delicious” trout.

With things slowing down on Lake Ontario and walleye still setting up, this is a great option. I will see you two again this year for walleye and some Giant kings! You are truly appreciated and a pleasure to guide every time!

Open Dates:

I have lots of dates available for walleye in June and Salmon in July... Memorial day Weekend is wide open if you're thinking about getting out. And any weekdays are an option as I have 5 weeks vacation....

What's New?

Well, this beauty is on order with Anchor Marine as I have joined the Lund Pro Staff. Future charters should accommodate 4-5 guests and this boat can handle anything we want to fish...The Lund Tye Magnum is deeper, safer and will provide a dry ride for your next trip this fall!
