

Dear Sponsors,

We hope this letter finds you in good health and high spirits. We are excited for the upcoming 2023 Weber Junior Livestock Show and Auction. The show and auction will be held August 9 - 12th, at the Weber County Fairgrounds. We are seeking your generous support as a sponsor for our upcoming Livestock Program Show and Auction. As a valued member of our community, your contribution will play a pivotal role in shaping the success of our event and empowering the youth participants.

The Weber Jr Livestock Program aims to provide an engaging and educational platform for young individuals in our community to develop important life skills such as responsibility, leadership, and work ethic through their involvement in raising and exhibiting livestock. By participating in our program, these dedicated youth gain hands-on experience in animal husbandry, learn the fundamentals of agriculture, and develop a strong sense of discipline and commitment.

Over the past year there have been changes made to the program. Since its inception, the Weber County Junior Livestock Show and Auction has been administered and financially supported by Weber County as a government-sponsored program. The County Commission recognizes the importance of this program to the youth in Weber County, however, has decided it is not well-suited to operate as a government-sponsored program. The program would better serve the youth as a non-profit structure similar to others throughout the state.

Based on these recommendations many volunteers have worked hard to create the Weber Junior Livestock Association, a Non-Profit Organization. This organization is separate from the Weber County Fair, FFA, and 4H. Donations or sponsorships given to these organizations do not go to the Weber Jr. Livestock Association. As its own non-profit entity, the Weber Junior Livestock Association will oversee the Weber Jr. Livestock Show and Auction. The show and auction will now be managed through this group of volunteers and funded by the generous donations from the community. Your sponsorship will directly contribute to covering the costs associated with facility rentals, awards and prizes, judges fees, and go directly to the benefit of our youth.

As a non-profit entity, we rely on the support of sponsors to help make this program possible for the youth of Weber County. By becoming a sponsor, you will be making a meaningful investment in the lives of these aspiring youth, empowering them to pursue their dreams and contribute to the future of agriculture.

Thank you for your continued support of the youth in Weber County and we look forward to working with you.

Sincerely,

Weber Junior Livestock Association
