- No Harsh Chemicals
- Safe UVC Disinfection

- Installation Provided
- 1-Minute Load
- Reproducible Results
- Reliable Medical Usage since 2009

## **Why further disinfect hand-washed items?**

Hand-washed items are still dirty.

A study published in a peer-reviewed journal, AAMI/Horizons, "The average cfu's of Bioburden was reduced from 36.6 cfu's to .3 cfu's after 1 minute of UVC."
