DEMERS TYPE II AMBULANCE

In saving lives, there is no such thing as compromise. There is no "good enough." You go all out. And so do we. Our ambulances meet or exceed North American standards for quality and safety, and come loaded with unique and innovative features. Demers is your trusted partner on the road – tested, hardworking and ready to roll.

Our Type II Ambulances are built for the long run. More than just an ambulance, our vehicles are a top value for your investment, leading the category for total cost of ownership and best resale value.

Built for both crew comfort and occupant safety, Demers Ambulances provide innovative standard features designed to make your job easier. With superior overall design and craftsmanship, Demers Type II vehicles combine safety, innovation and quality – all with the goal of getting you home safely.

“Very reliable, smooth running ambulance. Everything is laid out perfectly for the convenience of the provider and the patient. We are very pleased with our Demers Ambulance and will definitely be one of our top picks for when we go to replace our other unit!”

- Benjamin Bush, Vice President, Asst. Fire/EMS Chief at Mountain Top Fire Company

“The Demers Ford Transit is the next wave in transportation vehicles for agencies that have relied on Type II vans for many years.” - A.J. Heightman, JEMS

DEMERS FORD TRANSIT AMBULANCE

Selected as a Hot Product by the Journal of Emergency Medical Services, Demers Ford Transit Ambulance was developed to fit an industry need. Inside, the vehicle offers a comfortable interior and good space for storage and medical equipment. Offering the right combination of size, space and power, Demers Ford Transit vehicle has a long list of standard features that sets it apart from the crowd.

- ▶ Aerodynamic roof to maximize lighting, save fuel and reduce noise (integrated in roof-cap)
- ▶ Ducted give-vent ceiling HVAC system for improved heating and cooling
- ▶ Maximized cargo capacity
- ▶ EcoBoost® V6 engine delivers a good combination of fuel-economy and power

THE DEMERS DIFFERENCE

Never compromise. It's our commitment to uphold unmatched industry standards for quality and safety. Our designs are more innovative. Our box is stronger. Our testing is more rigorous. Our ambulances are expertly crafted and designed for efficiency, providing the lowest total cost of ownership in the industry. That's a big deal, especially when you consider all that our vehicles have to offer. So much rides on our reputation. But what matters most and always has since 1960 is the safety of those who ride within.
