

# SUPER CHIEF

THE SUPER CHIEF TYPE I AMBULANCE IS A WORKHORSE

The rugged, heavy duty Super Chief ambulance features a 170" module. It is specifically designed to carry more equipment and handle the intense demands placed on it by high call volume departments. The roomy interior is coupled with 73.5" of headroom to offer a large workspace and functional design. The Super Chief Type I ambulance is available on the International MV607, Freightliner M2, and Ford F650 chassis.

THE SUPER CHIEF IS A SAFE, LARGE, & CONVENIENT AMBULANCE

The Super Chief module is the ideal complement to the large medium duty chassis that has become popular among fire department rescue squads. A top quality, Type I ambulance, the Super Chief is safe, large, and a convenient consideration to new ambulance options available.

The Super Chief Type I ambulance is fully customizable. With a wide range of colors and materials available, you can design the perfect patient compartment. Features like VitalMax™ shadowless lighting, acrylic surface countertops, and a slide-out writing table make patient care easier for the EMS crew on board. The model comes standard with Braun exclusives such as our SolidBody™ Construction, EZ Glide™ Sliding Door, Eberhard Free Floating Latches, and MasterTech™ Multiplex Electrical Control System. Like all Braun models, the Super Chief Type I ambulance also comes with a lifetime transferable structural warranty for greater value and lower life cycle cost.
