

Friends of Bandon Parks

April 2022

Friends of Bandon Parks Receives Award!

Remember our Tree-Mendous tree event in Bandon City Park? Through team effort and 100 volunteers, **Friends of Bandon Parks** received the Oregon Urban and Community Forestry (OUCF) organization award. **Friends of Bandon Parks** was selected from among 18 submissions in Oregon for promoting healthy urban and community forests.

Friends also wants to give a BIG shout-out to **Samantha Stanger** who was nominated for the individual award for her community tree planting efforts at both City Park and Johnson Creek Park.

BIG EVENT April 30: TREE K!

By Our Park and Rec Commissioners

FREE, FAMILY-FRIENDLY and FUN!

What's a Tree K?

It's like a 6K but it's only a 2-mile walk or less.

Pollinator Classes at Stillwater Natives Nursery

Darcy Grahek offers an opportunity to learn more about creating gardens to support pollinators, using mostly native species plants. Included is a no-till method and an array of local resources. Dig deep into what fuels our pollinators for 3 Saturday afternoons and come away with a better understanding of how you can create rich habitat in a corner of your landscape. **April 30, May 14, June 4 1-2:30**
