ADMISSIONS POLICY

The Admissions Committee works hard to ensure the fairness of the application and admissions process at our school. Every application package submitted is carefully considered. As there is a high volume of new student applications each year and limited spaces available, we cannot guarantee admission to any applicants. Registration in any grade is also contingent on sufficient enrollment in that grade. Due to our school's small size, there is only one class and educational program available at each grade level.

Applications are processed according to a number of criteria, including available space, student social and academic considerations, whether a sibling has already been admitted to our school, gender equality, diversity in each grade, whether our program will meet the student's needs, parental support for academic and social development, demonstrated parental alignment with our social and educational philosophy, humanitarian grounds, and so on. None of these criteria are determinative and the presence or absence of any one factor will not trigger automatic admission. All of these considerations are weighed carefully with the goal of ensuring equality, fairness, and accepting those who would benefit from our unique educational environment and contribute positively to our school community.

The time an application was submitted is not a consideration. Once re-registration of current students is complete, all submitted applications are considered equally.

In completing and submitting this application form, I am certifying the following:

I have read and understand the Admissions Policy (contained above for reference).
