

Spring Board Civic Pool adheres to
The American Red Cross

weather policy which dictates the following:

- All Swimming pool patrons must seek shelter (outside of the facility and its showers or bathrooms) during a thunderstorm, as the pool is unsafe for patrons until 30 minutes after the last lightning or roll of thunder, OR when the last lightning strike is detected outside a 10 miles radius of the pool.

- We encourage our patrons to use the Spark Lightning tool inside the Weather Bug app to monitor the distance of lightning.

I certify that I am 18 years of age or older and I agree to abide by the Spring Board Civic Pool weather policy.
