

# Superbike Track Days

## Safety Rules & Regulations

All riders must agree to follow the rules and regulations set forth in this document, failure to follow the rules will result in the rider termination.

It is **mandatory** that you obey all track rules.

Superbike Track Days provides a track day for mature riders, if you are out to set the track record or to race, your day will end early.

1. Be safe at all times, you have responsibility to yourself and the other riders on the track as well.
2. Enter track as discussed in riders meeting, check location out before getting on track.
3. Keep a watchful eye out for the corner workers and obey the flags.
4. Hold your line this is a must!
5. When passing a slower rider leave 6 feet of room or more if possible.
6. Make sure you signal in advance when exiting track, check location out before getting on track.
7. The object of the track day is to go out and return to return in the same vehicle you came in. Please No Crashes! No red flags!
8. Don't break your bike.
9. Have fun and lots of it.

Thank You for your cooperation
