4/5/2018

To the general public,

Subject: Public Statement

We appreciate all who take the time to review our organization, especially those who are interested enough to read through the documents we publish on our website. We ask that you consider our intentions and current scenario as you review our materials. Many of the documents you see are still undergoing further development. There are at least 20 times this number of documents that are only partially prepared for public disclosure.

Our organization is undergoing “reorganization” while upgrading systems and running a full-blown operation at the same time. Our local chapter Chapter *Northeast Central Ohio* is in the midst of what may be a historical event. This year’s Poker Run, as of 4/5/2018 has 3,400 people interested or going. We have already sold more than ten times the pre-registrations than last year. Who has ever heard of a poker run with more than a couple hundred bikes? We’re planning for 1000 or more!

Your patience and understanding is appreciated as we hope that you agree with our priorities to raise funds to assist those who want help. Therefore, a poorly written document or a misspelled word is a far lesser priority to us at this time. Undoubtedly all will be completed and published in our transparent system within the next few months.

Lacy E. Tilley Jr., Business Agent  
*Bikers Against Heroin U.S.A.*
