## Cheap sightseeing from a London bus

The journey from the top deck on a number 11 bus is a cheap means of sightseeing in London.

### **Best Place to Start or Join No. 11 bus for Sightseeing Board near Victoria Station (Victoria St / Victoria Coach Station area)**

This is the top pick if your goal is “see all the best from the bus”:

- **Victoria** puts you on the bus *right as it enters central London* and soon after you’ll be passing major sights.
  - From here, in order you’ll roughly see (without switching buses):
    - **Westminster Cathedral**
    - **Parliament Square & Big Ben / Palace of Westminster**
      - **Westminster Abbey**
      - **Whitehall Government area**
      - **Trafalgar Square / Strand area**
    - **St Paul’s Cathedral area and the City of London**

All while sitting *on the top deck for the best views.*

Here’s a **mapped sightseeing route** you can follow using **London’s No. 11 bus**. It will take you past tons of iconic spots. This plan mixes **walks between highlights** with the scenic bus ride, so you see the best of central London on foot *and* from the top deck.
