

HAPPY RABBIT CO.

DID YOU KNOW?

80%

of rabbits purchased at Easter will die or be abandoned before their first birthday.

OUR MISSION

ADVOCATE

We advocate through elementary school programs, community outreach at local events, and free educational opportunities at our local libraries.

EDUCATE

We are furthering education on responsible rabbit ownership through free adoption kits and counseling for new rabbit guardians.

SUPPORT

We are providing necessary spay and neuter services for rabbits in open intake shelters across Tennessee.

Our highest priority is ensuring that every rabbit receives the love and care they deserve through advocacy, education, and support.

“Happy Rabbit’s support and resources have helped our staff feel more confident placing rabbits with their forever families, ensuring both adopters and rabbits are truly set up for success.” – Dannielle Carter (Director, Metro Animal Care and Control)

HOW YOU CAN HELP

DONATE
