

## Gearing up for the School Year - Non Aftercare Participants

### Back to School!!!!

I don't know about you, but for us, the summer has flown by - I hope you were able to enjoy it!

You're receiving this very brief newsletter because your student has attended extended care in some form or fashion over the past couple of years but you are not currently signed up for regular before or after school care. We want to make sure you are aware of the full day care we offer on days when school is closed for teacher in-service, regular breaks (fall/winter/spring), and occasionally inclement weather days. We offer this care at a rate of \$65/day for students who are not part of our monthly programs. If this is a service you believe you may use, there is also an annual \$30 registration fee.

Our first extended day is actually August 1st - if you'd like to sign up for that day or go ahead and get registered for future days, let us know. There is no need to create a new ProCare registration. Simply send a message in ProCare or text us: 629-278-8633 - be sure to include your name and your student's name if you text. We can get the \$30 invoiced and then signing up for each extended day is as easy as sending a message or signing up online.

### Summer Camps

We've had a blast with our camps this July! We pride ourselves in tiring the students out and also teaching them a few things. Summer is great because we get to know the children and really work on character development and dig deep into our camp themes.

Believe it or not, we start planning for next summer now. If there is any camp that you would like to see offered, please let us know. We would love to increase our summer enrollment!

**If you wish to be moved to an inactive status, let us know**

We will not be offended and definitely do not want to be a bother. We're here to serve parents who need care, and if you don't believe that will be you during your student's remaining elementary years, just let us know.
