

# Surface Laptop 4 for Business

Style and speed

# Welcome to the world of hybrid work

Our new normal brings benefits, but also challenges

Increasingly complex IT environments due to number of new devices connecting to the corporate network

Need to provision and deploy devices remotely without sacrificing security

Pressure to scale, bring services to market faster, and reduce costs

Teams need flexible, productive, and secure work from home options

Growing cyberthreats require more advanced security across devices, users, apps, and their data

# A defining history

Surface began almost 20 years ago as an exploration of the power of touchscreens and tablets. In 2012, we introduced the product line to the world with Surface Pro, creating the 2-in-1 category.

In 2015, Surface Book brought a detachable display to laptops. Breakthroughs like Surface Studio's unique hinge and Surface Hub added further to Surface's growing reputation for design and innovation.

In 2017, Surface Laptop was a bold new statement on the classic clamshell. Ultra-slim, beautiful devices that balance power, speed, performance, and style, Surface laptops have been validated by the highest customer satisfaction in the Surface product line.<sup>1</sup>

Surface Pro

Surface Book

Surface Laptop 3

# A defining history

In 2020, we launched our lightest clamshell ever with Surface Laptop Go, delivering the design and innovation Surface is known for at an exceptional value.

Now, Surface Laptop 4 gives you more multitasking power than before and better graphics, fueled by your choice of latest gen Intel® or AMD Ryzen™ Microsoft Surface Edition processors.<sup>1</sup> Immersive sound, and longer battery life<sup>2</sup> keep you in the flow—all within our signature ultra-slim design.

Surface Laptop Go

Surface Laptop 4

# Meet the new Surface Laptop 4 for Business

Do it all with style,  
performance, and speed

# The right amount of everything

Other laptops force you to make trade-offs between great performance and premium features. Surface Laptop 4 balances everything you need and nothing you don't in our most powerful Surface Laptop yet.

Battery life and processing power

Portability and performance

Style and speed

A woman with short dark hair, wearing a brown polo-neck sweater and white trousers, is sitting on a white ledge. She is looking down at a dark-colored Surface Laptop that is open on her lap. The background is plain white.

Customers love Surface Laptop's unique balance of power, speed, and style

72%

Of people who use Surface at work want to use it all the time.

Product  
satisfaction

Surface is the highest rated in customer satisfaction

75%

Agree that Microsoft 365-powered Surface devices have helped improve employee satisfaction and retention.

The ultimate  
combination

# Performance for multitasking, meetings, and more

More power for everything you do

Get faster performance than before and long battery life<sup>1</sup> for more multitasking power.

Show your best side on video calls with more accurate skin tone colors and high image quality in varying light conditions.

Be heard loud and clear with dual far-field Studio Mics that isolate the background and zero in on your voice.

Hear colleagues and customers clearly and stay engaged with Omnisonic speakers.

## Quad Core 11th Gen Intel® Core™ processor

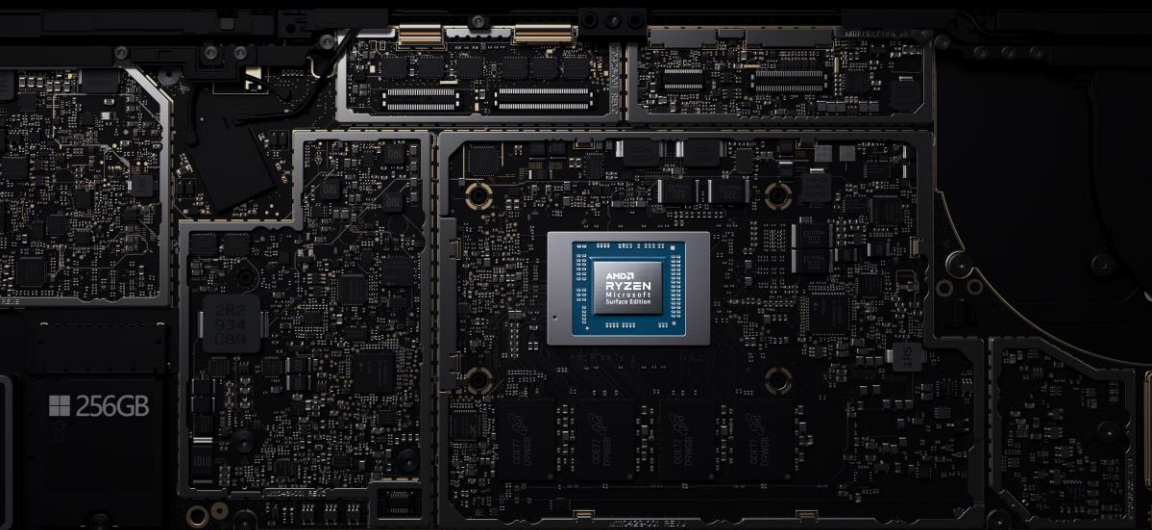

Exceptional performance, connectivity, and entertainment

New Quad Core 11th Gen Intel® Core™ processors and Intel® Iris® Xe graphics work together to help you edit photos and videos up to 70% faster than Surface Laptop 3

Intelligent performance that adapts to you for faster responsiveness across apps

# More power, more choice

Your choice between two great processors,<sup>1</sup> exceptional laptop performance

## Custom AMD Ryzen™ Microsoft Surface Edition processor

A perfect balance of portability, speed, and performance

Up to 8 CPU cores, delivering uniquely powerful performance in an ultra-thin and light design

Outstanding speed with high-endurance, all-day battery life<sup>2</sup>

# Work your way in style

Elegant design and obsessive detail you can see and feel

## Thin, light, and elegant design

Ultra-slim, with a hinge so innovative you can open the lid with just one finger.

## Interact naturally

The stunning PixelSense™ touchscreen allows for fast, natural scrolling and exceptional color accuracy.

## Sizes that fit the way you work

Choose 13.5" or 15" sizes depending on whether you're constantly on the move or want to multitask with split screens on a larger display.

## Whisper quiet

Enjoy uninterrupted productivity and optimized performance with thermal cooling.

# Premium colors and finishes

## Go classic or stand out

Available in rich, tone-on-tone colors including Platinum, Matte Black, Sandstone, and new Ice Blue, and two durable keyboard finishes: warm Alcantara® material or cool metal.<sup>1</sup>

### Surface Laptop 4 13.5"

### Surface Laptop 4 15"

Alcantara® material    Metal

# Designed to get it done

Reliable and ready to get to work

Type accurately and quickly with backlit keys and the perfect balance of key travel and responsiveness.

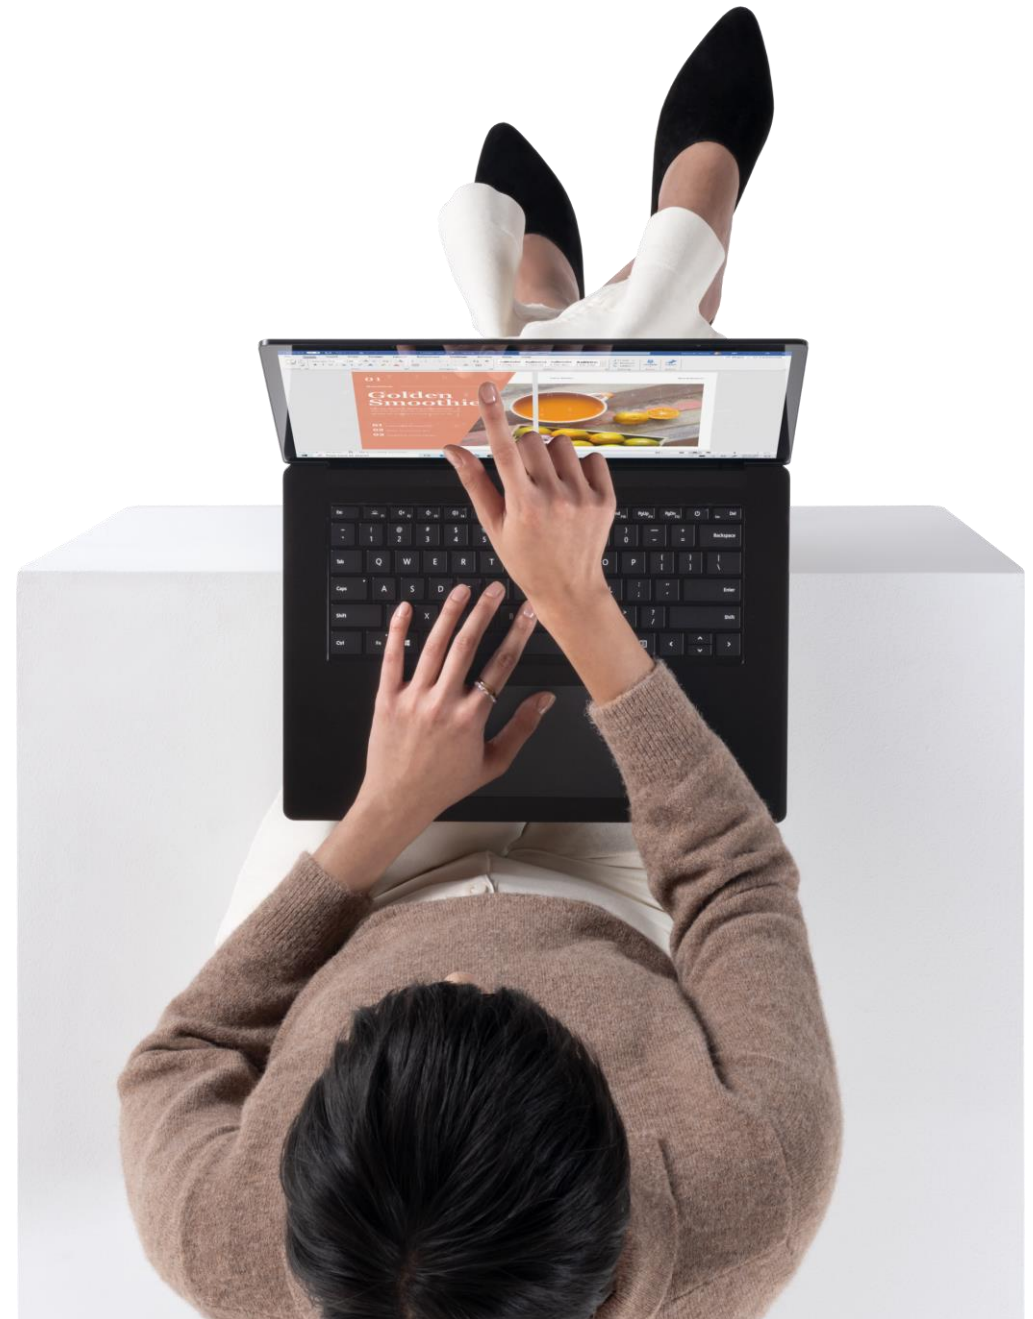

All the connections you need, including USB-C® and USB-A, to go from laptop to workstation.

Significantly longer battery life, up to 19 hours<sup>1</sup> with AMD Ryzen™ 5 Microsoft Surface Edition processor, and improved days-long standby.

Get back to work within seconds of opening the lid with Instant On. Sign in securely with Windows Hello password-free sign-in.

# Surface for Business unlocks more value

Save time and money with streamlined deployment, modern device management, and built-in, cloud-powered security

**Make the most of your investment in Microsoft 365,\*** the Windows 10 Pro you know and trust, the protection of Microsoft Enterprise Mobility + Security, and Office 365\* productivity apps you rely on.

**More control with cloud-first device deployment and management** all the way down to the firmware layer with Microsoft Endpoint Manager\* and DFCI<sup>1</sup> Windows Autopilot lets you deploy straight to your employees.

**Defense in depth with protection from Microsoft.** Every layer is maintained by Microsoft, from the hardened firmware that is adopted from a Microsoft open-source UEFI,<sup>1</sup> to the operating system, through to cloud management.

**Maintain control of your sensitive information** with a removable hard drive<sup>2</sup> for data retention.

**Includes Advanced Exchange,** an expedited replacement service, at no additional cost.<sup>3</sup>

# Who Surface Laptop 4 was made for

## ITDMs and BDMs

You set the tone when it comes to adopting technological solutions in the workplace. As you lead your company's digital transformation, you need a device that exemplifies innovation, yet powerful enough to handle all the demands of your day-to-day.

## Power productivity workers

For you, performance means more than just processing power. Whether you're juggling multiple complex tasks or leading your next video call, the right device helps you accomplish more in every aspect of your work.

# ITDMs and BDMs

Leading the digital transformation

Shine as your organization's technology ambassador with Surface Laptop 4—a sleek, ultra-slim device that doesn't compromise on performance and battery life. Get peace of mind and unlock value for your organization with streamlined deployment, remote device management, and built-in, cloud-powered security.

## Standout experiences

- ▶ Run the professional-grade apps you depend on to get your job done with more multitasking power and up to 70% more speed than before.
- ▶ Get back to your tasks within seconds of opening Surface Laptop 4's lid with Windows Hello and Instant On.
- ▶ Power through your day with improved all-day battery life up to 19 hours,<sup>1</sup> and unparalleled standby.

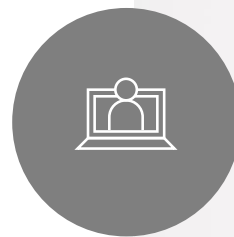

# Power productivity workers

Driving the organization forward

Multitask across multiple business apps with confidence and speed on Surface Laptop 4. Embrace the hybrid work environment with a device that shows your best side on video calls and exudes professionalism in person with gorgeous design details.

## Standout experiences

- ▶ Hear colleagues and customers clearly on calls. Listen in and be more fully engaged in meetings with Omnisonic speakers.
- ▶ Get 70% more speed than before and more multitasking power, fueled by a Quad Core 11th Gen Intel® Core™ or custom AMD Ryzen™ Microsoft Surface® Edition processor.
- ▶ Reach out and touch your work on the PixelSense™ touchscreen display for fast, natural scrolling and navigation.

# Find the perfect balance

Compare Surface Laptop 4 to Surface Laptop Go

## Surface Laptop 4 (15")

Stunning ultra-slim laptop with a larger touchscreen to get it all done

## Surface Laptop 4 (13.5")

The perfect laptop balancing beauty and performance in a thin, light design

- A sleek, powerful laptop available in 13.5" and 15" sizes, with a choice of colors in warm Alcantara® material or cool metal finish<sup>1</sup>
- Vibrant hi-res PixelSense™ touchscreen display—also enabled for Surface Pen\*
- Our most powerful Surface Laptop yet with uncompromising processing power for smooth multitasking
- Cinematic sound for movies and shows with Omnisonic speakers backed by immersive Dolby Atmos®<sup>2</sup>
- Back-lit keyboard that allows for accurate, satisfying typing comfort all day
- Your face is your password with Windows Hello sign-in
- Up to 19 hours of battery life with AMD Ryzen™ Microsoft Surface Edition chips and up to 17 hours with Intel® chips<sup>3</sup> and improved standby that extends battery life for days

## Surface Laptop Go (12.4")

A stylish, ultra-portable Surface laptop at an affordable price

- Our lightest Surface Laptop is optimal for productivity on the go in a compact 12.4" size<sup>4</sup> and three colors in a beautiful metal finish
- PixelSense™ touchscreen display—does not support Surface Pen\*
- Fast performance with a 10th Gen Intel® Core™ Processor
- Omnisonic speakers and Dolby Audio® hidden below the keyboard
- Prioritizes portability while maintaining the best typing and track pad experience
- Windows Hello with fingerprint reader on premium SKUs
- Up to 13 hours of battery life<sup>5</sup>

# Surface Laptop 4

From video calls in your home office to virtual collaboration in your company's hybrid headquarters, your work stands out with Surface Laptop 4.

## FEATURES:

**More multitasking power and up to 70% faster than before** with a choice of 11th Gen Intel® Core™ Processor or AMD Ryzen™ Microsoft Surface Edition processors

**Available in 13.5" and 15" sizes** to fit different ways of working

**Front-facing 720 HD camera** for better video calls with more accurate skin tone colors even in low light

**Dual far-field Studio Mics** isolate background noise and capture your voice crisply and clearly

**Omnisonic speakers** for immersive sound on calls

**Improved all-day battery life up to 19 hours,<sup>1</sup>** and unparalleled standby

**Thin, light, and elegant design and ultra-slim,** with a hinge so innovative you can open the lid with just one finger

**PixelSense™ touchscreen display** with exceptional color accuracy and touch responsiveness

**Whisper quiet** with thermal cooling for uninterrupted productivity and optimized performance

**Weight:** Starting at 2.79 lb. (1,265 g)

**Colors<sup>2</sup> that complement your style:** Platinum & Matte Black

**Backlit keys** and the perfect balance of key travel, responsiveness, and typing accuracy

**All the connections you need,** including USB-C® and USB-A

**Removable hard drive<sup>3</sup>** for better data retention and control

**Cloud-first device deployment and management** with Microsoft Endpoint Manager\* and DFCI<sup>4</sup>

**Advanced Exchange** expedited replacement service at no additional cost<sup>5</sup>
