### USA Ranks Third in 2025 FIAP Youth Biennial

FIAP conducts international competitions between the FIAP Operational Members (national photography organizations) called FIAP Biennials. They are organized every two years by a different member country. Even years for Black & White and Nature Biennials, and odd years for the Color and Youth Biennials.

The Youth Biennials are judged in two age categories: up to 16 years of age and up to 25 years of age. A World Cup and FIAP Medals are presented to the makers and Operational Members who place the highest in each age category. The winner is the national federation that obtains the highest score by adding up the points of the individual images. Individual awards are also granted to the best images.

The 2025 FIAP Youth Biennial was organized by The Bahrain Arts Society. The judges were: **David Poey Cher Tay, FPSA, GMPSA/B, MFIAP, HonEFIAP (FIAP DB)**, Singapore; Nasser Malek, MFIAP, ESFIAP, United Arab Emirates; and Ahmed Al Busaidi, EFIAP, HonEFIAP, Oman.

The Photographic Alliance of America, the USA national photography organization and USA FIAP Operational Member, entered the FIAP Youth Biennial for the first time in 2025. Eighteen countries entered the up to 25 years of age category, and the USA placed Third. The overall results are listed in the chart on the right.

Six FIAP medals were awarded to individual images; one Gold, two Silver, and three Bronze medals. Michel Quezada-Cordova of Glen Cove, NY, received a FIAP Silver Medal for

the image "Michelle with Earring." All the individual results are identified in the chart at the bottom of the page.

**Signe Emmerich, HonPSA, EPSA**, Director of PSA's Youth Showcase, directed PAA's efforts

to identify the images to submit from the PSA Youth Showcase USA entries and submitted the PAA entry. All the images submitted can be seen in a gallery on the PAA website at: [paausa.org/fiap-biennials](http://paausa.org/fiap-biennials).
