# INSPIRATION-GUIDANCE- POSSIBILITY

---

## M<sup>4</sup> Marilyn's Monday Morning Message

---

Leading Toward a Better Today..Strong leadership isn't just about making decisions—it's about helping people believe that better is possible. We're living in complex times and many are hoping for signs that today or tomorrow can be better. As leaders, we must recognize those moments when inspiration is needed. Our words can matter as expressed well from a few voices of wisdom:

“No matter what happens, or how bad it seems today, life does go on, and it will be better tomorrow.” — Maya Angelou

“Just when the caterpillar thought its world was over, it turned into a butterfly!” — Surgio Bell

“Even the darkest night will end and the sun will rise again.” — Victor Hugo

Leadership means giving people something to believe in—especially when belief feels out of reach. A better today doesn't just arrive—it's built, one conversation, one choice, and one leader at a time.

## MAJOR POINT

As leaders, we must help others see the light—even before it is visible. We can share our wisdom/guidance so that they can move toward better todays and tomorrows. We can Walk the Walk & Talk the Talk!
