Paul C. Mavrinac
Silver Tip Towers

October 12, 2020

Dear Mr. Mavrinac,

The City of Weed Fire Department would like to take the opportunity to thank you for statically positioning your Silver Tip Towers, for the past year, in our city to help protect one of our main Water Pump Stations in case of a potential Wildfire. This pump station is an integral part of our city's infrastructure and we wish we could position more of them in key locations.

I support the utilization of Silver Tip Towers for fire protection not only in the city, but in areas of Urban/Wildland interfaces where water is limited.

Thank you again for choosing the City of Weed as a location to place one of your towers, I have personally seen it in action during a demonstration and believe they will enhance fire safety in the future.

Sincerely,

A handwritten signature in black ink, appearing to read "Steve Duncan".

Steve Duncan
Fire Chief
Weed Fire Department
