

AFRICA POSTS In English and Swahili
Developing Authentic Spirituality together as
We Review the Basics of Biblical Faith

Posted every Wednesday evening
for our Readers via Email and Constant Contact

Each week we post via email a brief lesson on an aspect of Biblical faith. These Posts are sent out in English and Swahili and translated and re-sent in Rwandan.

Our goal is to let the Bible speak for itself. We do our best to share in such a way that believers in different church backgrounds can use the material for spiritual formation. God's will for each of us is that we continually be transformed by the Word and the Holy Spirit more and more into the image of Jesus (2 Corinthians 3:18).

You may also use these materials as you wish to disciple others more deeply into Jesus.
