Wyzant considers learning to be an important responsibility, and we only facilitate services that support a student’s or tutor's integrity.

Wyzant provides its services solely for the purpose of facilitating tutoring, not cheating. Each site user accepts Wyzant's [Terms of Use](#) when creating an account. This means, students agree not to inquire about the hiring of or to hire tutors through Wyzant to complete assignments, write papers, take (or help take) quizzes and tests, or otherwise conduct other actions on their behalf in violation of academic honesty policies or other conduct policies of their academic institution or workplace.

Tutors agree through the Wyzant platform, not to help students complete work or tests, or engage in any action that might violate the academic honesty policy or other conduct policies of the student's school, university, academic institution or workplace.

Wyzant reserves the right to deny, revoke or limit access to the platform to students or tutors who do not abide by this policy.
