MONUMENTS AND MARKERS

When purchasing a Monument/Headstone for the cemetery, all foundations must be ordered through the Monument company. The cemetery will mark the grave for the foundation to be poured and notify the monument company when this is done. No foundations will be poured until the cemetery has received the appropriate paperwork and payment in full for staking fee and Care and Maintenance fee. Foundation cost is paid directly to the monument company.

For Monument Companies: please mail 1 copy of the headstone order to the cemetery with cheque for payment in full.

Staking Fee for marking the location where a foundation, marker or monument is to be installed \$100.00

Care and Maintenance Fund Contribution:

As required under the *Funeral, Burial and Cremation Services Act, 2002*, the following amounts must be paid to the cemetery operator before a marker is installed. Typically, this one-time fee is paid directly to the monument company and is in addition to the price of the monument and the foundation for the headstone. The monument company then forwards this fee to the Eden Mills Community Cemetery. If the monument company does not collect this fee from the customer, the customer must pay the cemetery directly. After each marker installation, the amount will be contributed to an irrevocable trust fund known as the Care and Maintenance Fund (*Bereavement Authority of Ontario Consumer Protection Fee*). Interest from the fund will be used to cover expenses for the care and maintenance of markers and monuments in perpetuity.
