## Informed Consent

I \_\_\_\_\_, hereby request a MAS Special Multi + Magnetic Field System (PEMF) Session. I understand that Kelly Brink, LLC makes use of pre-set and individualized programs. You are using MAS at your own risk.

The MAS Special Multi + system produces magnetic field energy, which passes freely in and through your body. Magnets are said to be “the oldest healing devices on earth.” “Fields have positive effects on the human body and through there variations of frequency, intensity, and waveform shape – extraordinary things can happen.” This has been proven by a multitude of scientific studies which have resulted in FDA approvals for their use on humans for: bone healing, pain and inflammation, post-surgical pain, knee pain, and depression. This is not intended for medical use and is not a medical device. This product and/or Kelly Brink LLC makes no claims of medical benefit, nor do we diagnosis, treat, or cure any disease process.

We understand this general statement regarding pulsing magnetic fields to be accurate:

*“PEMF (pulsed electromagnetic field) devices do not treat a specific condition. Instead, they optimize the body’s natural self-healing and self-regulating function.”*
