Andy is a Chartered Engineer, Chartered Marine Engineer and operates his own independent maritime consultancy firm.

As a maritime consultant, Andy brings 30 years' experience in the maritime industry.

Andy has also worked with major maritime consultancy firms, including London Offshore Consultants and Braemar.

As the owner and President of A.M. Marine Surveys LLC, Andy is proud to work with clients which include all the major P & I Clubs, H & M underwriters and major shipping companies. The maritime consultancy services provided include; marine surveys; marine casualty investigations, expert witness testimony, feasibility studies, project management and compliance/audit risk management systems reviews.

As a former Senior Surveyor and Maritime Auditor with Lloyd's Register for 13 years, Andy brings a wealth of knowledge having worked on behalf of Class and Flag for all commercial vessels including large Passenger Cruise vessels and Mega Yachts.

Prior to his engagement as a Class Surveyor, as a UK licensed Chief Engineer Andy sailed on a variety of commercial vessels including large Passenger Cruise ships up to the rank of Staff Chief Engineer. Andy holds a UK Chief Engineers license (unlimited tonnage), a Master of Science degree (MSc) in Engineering and Management, a Bachelor of Laws (LL.B Hons) in English law, a Master of Laws (LL.M) in Maritime Law, a Master of Laws (LL.M) in U.S. Law and is a certificated IRCA Maritime Auditor.
