How to Create Your Candy Wrapper from Templates? First of all, you have to download compatible full-size candy bar wrappers free. Then, you will customize the wrapper general template by modifying its color & text as per your typical requirements. After you are done with the customization, you would have to print out the outline template on paper. [nanakshahi calendar 2018.pdf download](#) Depending on your choice, you can use either glossy or matt paper. Glossy wrappers are excellent for birthday parties while elegant matt wrappers would be fitting for classy events like weddings. Now, you would have to cut out the wrapper portion from the paper. Fold the cut-out around your candy or chocolate bar. The top & bottom edges must overlap slightly. Unfold the cut out, you might have to trim out excess portions if needed. Make sure, the trim doesn't harm the main design or message bit on the wrapper. You can also see more on [Chocolate Packaging Templates](#). Place the dual-sided tape right along the bottom end of the front part of your wrapper. Fold the paper around the bar once again. The taped end at the bottom should be placed beneath the top end & then press on edges mildly to seal up the wrapper with the bar.
