

DEPARTMENT 20 GROUP EXHIBITS

Chairpersons:

Section 2: Julianne Creed, 725-1107
Section 4: Rodney Blystone, 725-9187

Section 2

All classes in this Section already have age divisions specified. No age/grade letters should be added to entry codes. Entry codes are in brackets [].

1. This section is designed to showcase non-profit organizations. **For-profit groups or businesses should exhibit in Section 4.**
2. All exhibitors (groups) must register according to the General Rules. No division codes are required for this department.
3. Exhibit space will be a triangular space approximately 5.5 x 5.5 x 8 ft. (Exhibits which exceed this size may be entered, but due to space limitations, must have prior approval of the Department Chair.)
4. Attachments to Fair backdrops must not damage the backdrops - NO staples, nails, cellophane tape, etc. Magic scotch tape and masking tape are acceptable. Large binder clips work well.
5. The available spaces will be allotted on a first-come, first-served basis.
6. Reservations for display spaces must be made no later than **Sept. 5** by calling 725-1107. Because of the limited number of spaces available, reservations should be made as early as possible.

7. The Fair reserves the right to reject an exhibit that is not in good taste or that is not of merit in promoting agriculture, education, community service, or favorable interest in the community.

8. Judging criteria:

Attracts attention: Use of color, motion, light, figure. While attention-getting is important, the reaction should be favorable.

Arouses interest: Encourages additional study. Personal appeal to the type of viewer for whom the exhibit was designed.

Conveys message: The message of the theme should be understandable to the viewer.

Design: Elements of the exhibit should be pleasingly placed to give a sense of unity to the whole. The message should be part of the design and not something apparently added as an afterthought. Simplicity is the key here.

Workmanship: Neat, well-constructed for the purpose. This does not imply that expensive materials be used.

9. Age division definitions:

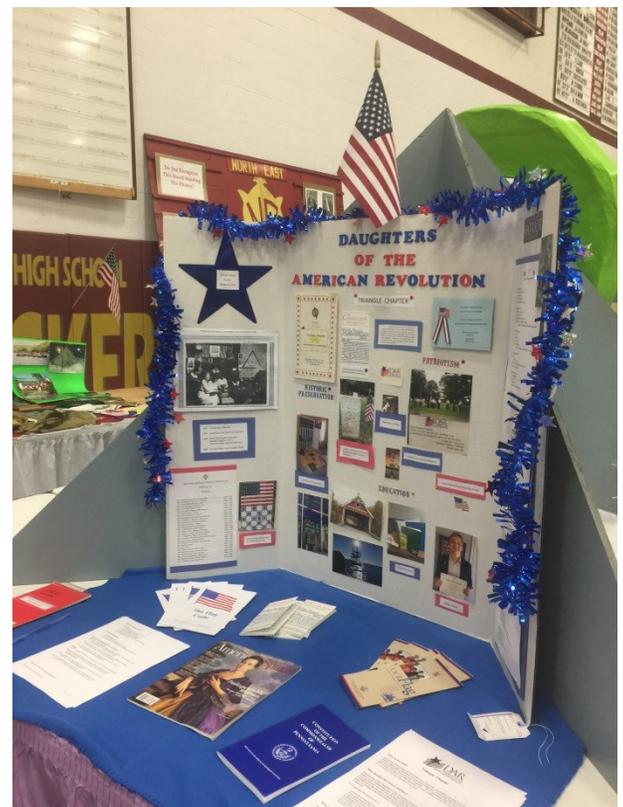

- a. Student groups, those whose membership is predominately 18 years old and younger.
- b. Adult groups, those whose membership is predominately over 18 years old.
