

My Own Perfect Snowman

Alanda stayed outside to make what she called a "perfect snowman." You don't always need snow to make a snowman, you can create a picture of your very own perfect snowman.

- Washable glue
- Glue stick
- Glitter
- Anything you would like to use to decorate your snowman, (ex. small pieces of tissue paper, beads, leaves, twigs, yarn etc.)
- Cardstock paper
- Crayons – optional.
- Snowman printable – optional.

This printable is available at <http://www.thermelscollection.com/printable.html>

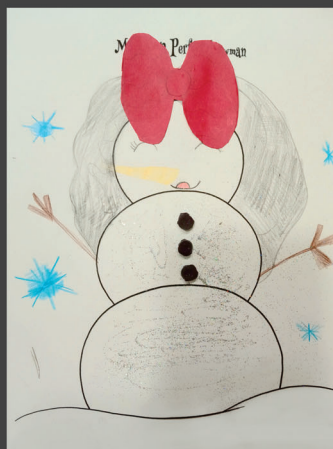

1. Draw a snowman on a piece of cardstock paper. You can also copy the snowman printable onto a piece of cardstock paper.

2. Use glue and/or a glue stick to glue items onto the snowman. The purpose of this project is to make the snowman look however you would like.

3. Don't forget glitter! Use glue or a glue stick to put glue around your snowman, sprinkle glitter on top.

4. Let it fully dry.

5. Finished! You have made your own perfect snowman.

This child used beads, colored pencils, construction paper, and glitter to decorate their snowmen. You don't have to use these items, you may use whatever you choose.

My Own Perfect Snowman
