# Company Profile

Mahee International is a renowned manufacturer and exporter of Home, Hospitality and Institutional Textiles from the port city of Pakistan, Karachi. The early 90's was the beginning of Mahee International. Today, Mahee International is an enterprise with a standing of its own.

From its beginning, as a small textile manufacturing facility, it has evolved into a large set up with a sprawling and conveniently located factory. Complementing it is the state-of-the-art machinery manned by skilled technicians and well organized managers. With a textile history and experience of nearly three decades and by utilizing a vast array of techniques, expertise and modern technology in the production of high quality textiles, Mahee offers various weaves in 100% Cotton, Polyester-Cotton blends and 100% Polyester.

The company always strives to deliver which is one proof of its growing popularity and dependability. Unsurprisingly, the clients have come to rely on Mahee for their specific needs. For over 25 years, the focal points of the company have remained its esteemed customers and their satisfaction, which it always strives to guarantee. Since its incorporation, Mahee has been proudly exporting its goods in different quality specifications and styles to various ports around the globe.

## **Designing & Styling:**

We have a separate designing department to develop and meet the most stringent requirement in design. Our designers incorporate the changing trends and market requirements of each country in order to craft the best combination of colours and artworks.

## **Operation Process:**

The unit comprises of state-of-art cutting and stitching machines which enables us to provide our buyers with a customized ranged of stitched articles. Our factory is equipped with the latest Juki and other branded machines which help us to serve our customers with a cutting edge stitching solution. The individually packed items with customers specified packing and their trade slogans are delivered ready for departmental stores shelves.

## **Quality Assurance:**

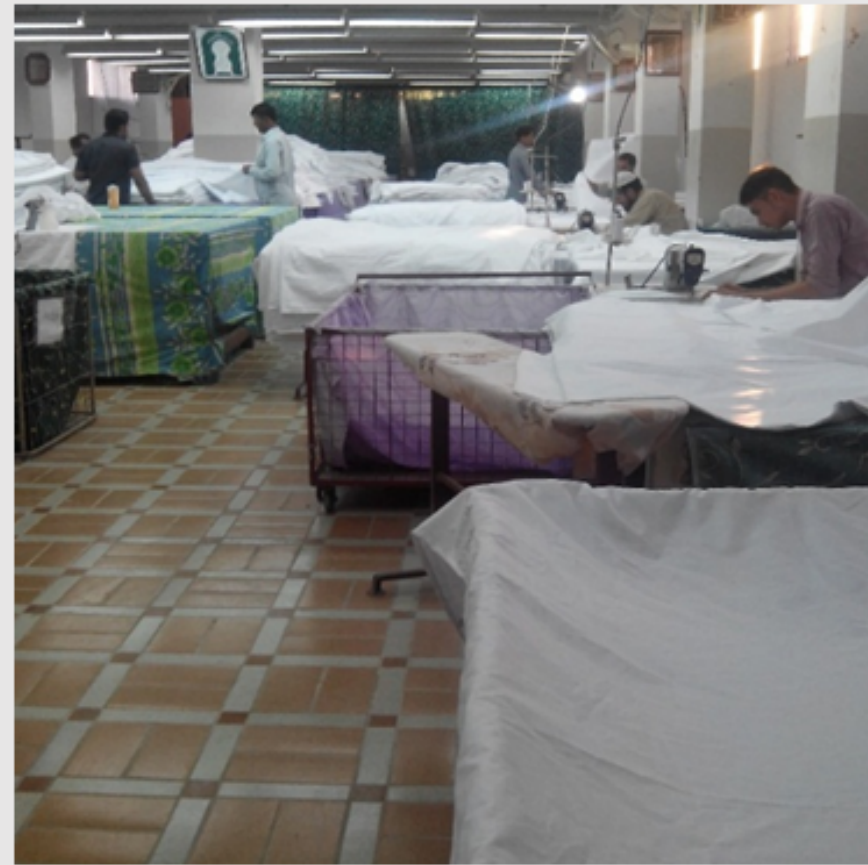

We are determined to serve with the best quality. Before the fabric is passed over to processing, all greige fabrics are thoroughly inspected by our quality assurance team to maintain our quality protocols. Our processing team takes great care during every stage of the fabric process such as pre-treatment, bleaching, dyeing, printing and finishing. The finishing is precisely taken care of in terms of fabric structure, bowing, skew, retained moisture, pilling, shrinkage, washing & light fastness and others.

Once the fabric is ready for cutting and stitching, our floor managers and line checkers perform random checks of each article in order to meet the quality standards established by our company. We operate in strict compliance with the guidelines laid down by ISO 9001:2015 for Quality Management Systems.

## **Fabric Processing:**

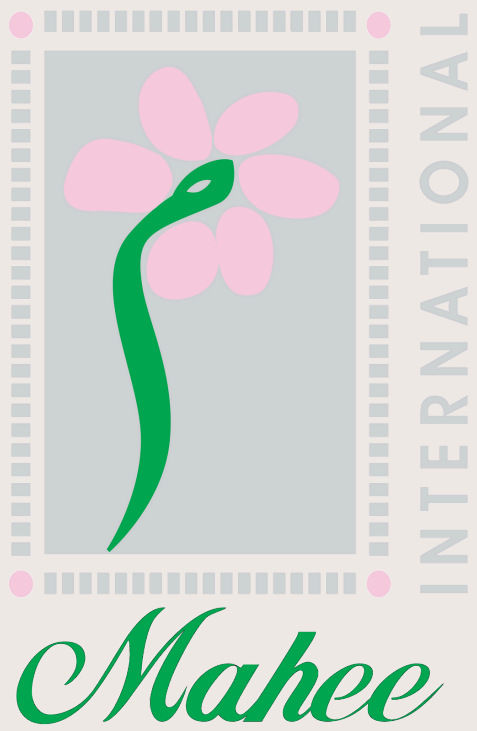

We provide our customers with a complete range of dyeing and printing finishes such as Pigment Dyes, Disperse Dyes, Reactive Dyes, VAT Dyes, Water Repellent, Fire Retardant and others. We also meet eco-friendly requirements like Azo free, low formaldehyde and Oekotex standards where desired.
