Dear Neighbors,

We acknowledge asking for an assessment increase puts pressure on each one of your (and our) households.

We as stewards of this organization are trying to deal with years of inattention to our property due to underfunding while balancing the desire of upholding decades of memories and traditions.

While we fully support that everyone is entitled to their own opinions and should exercise their right to vote in the matter as they choose: we ask that you hear us out at the Sunday, November 6 assessment meeting.

Our goal is to be transparent, to present information so you can each make an informed decision, working together collaboratively and collectively as 191 homeowners for a common result.

Information presented on the 6th and the ensuing discussion will inform our strategic direction for the foreseeable future.... even if your vote is no, we suspect you'd like to be part of the dialogue and have your voice heard. Facebook is not a place for a constructive, two-way conversation.

If you have submitted your proxy, yes or no, we encourage you to come and be a part of the discussion.

Sincerely,
The LWCA Board
