

GRP[®] Adapt

Adapts to your practice.
Adapts to your environment.
Adapts to your life.

Introducing Manduka's grippiest mat, the GRP Adapt. Versatile enough to go from slower flows to your sweatiest sessions, more forgiving to help you get into poses easier, and light enough to travel from place to place. Meet your new go-to.

TECHNOLOGY

Satin Grip[™] Top Layer

Open cell proprietary PU material offers unparalleled dry grip and ultra-quick moisture absorption.

Moisture Flow[™] Scrim

Unique weave allows moisture to quickly pass through the scrim and be absorbed into interior foam layer, which also has a 2x greater absorption capacity than the competition.

Responsive Ride[™] Foam Rubber

Patent-pending material provides a unique, springy ride. Ideal for helping you get into poses quicker and hold them longer. Softer cushioning helps protect joints.

Versa-Grip[™] Bottom Layer

Proprietary rubber composite specifically engineered to provide superior grip to the floor to prevent mat slippage.

KEY BENEFITS

12%
better*

Dry Grip
Superior traction for any class

23%
better*

Wet Grip
Allows for towel-free hot yoga
