## WHAT IS A DELUXE GRAZING TABLE?

A deluxe grazing table is a step up from our standard grazing table because it includes hearty offerings as well, from flaky croissants and savory chicken salad to delightful mini sandwiches and flavorful pinwheels. Guests can indulge in a diverse selection that spans pasta salads, crisp salads, and other wholesome choices, all artfully arranged to create a feast that satisfies both the palate and the appetite, ensuring a memorable and satisfying experience for all.

Along with the hearty offerings, it also includes the common items found on our standard grazing tables such as various fine cheeses, cured meats, fresh fruit, nuts, jams, vegetables, dips, dried fruit, sweets, crackers, bread, and more. Each grazing table is custom-made so the items included on each table will slightly vary due to a customer's preferences, what's in stock, and seasonal items. Included with the food is disposable plates, disposable cutlery, napkins, and decor.
