

Sponsorship Package 2026

About Us

The Ben Stelter School Fundraiser (BSSF) is Canada's largest student-led, multi-school fundraiser, uniting schools across Edmonton to raise funds for the Ben Stelter Centre for Proton Therapy and Neurosciences. Our mission is to help bring Proton Therapy, an advanced, life-saving cancer treatment, to Canada. Through the Ben Stelter School Fundraiser & Student Leadership program, the BSSF empowers young people to make a difference while honoring the legacy of Ben Stelter, a young Oilers mega fan who passed away from cancer at just 6 years old.

Since launching in 2023, the BSSF has grown rapidly, from raising \$11,000 in one school and \$43,000 in 5 schools in our 2023 fundraisers, \$74,000 across 10 schools in 2024, and most recently, to \$285,000 across 50 schools. In just three years, we've raised over \$400,000 and engaged more than 30,000 students, with even bigger goals ahead. For more information about the BSSF, please visit our about page at benstelterschoolfundraiser.com/about

Proton Beam Therapy

Proton Beam Therapy is one of the most advanced and precise cancer treatments in the world, especially effective for children. Unlike traditional radiation, it targets tumors with extreme accuracy, minimizing damage to healthy tissue and reducing long-term side effects. Yet, Canada is the only G8 nation without a single Proton Therapy center. Families are forced to travel abroad, often to the United States, facing emotional, financial, and logistical challenges. The Ben Stelter School Fundraiser is proudly supporting the Ben Stelter Foundation's mission to build Canada's first Proton Therapy Centre right here in Edmonton, so no family has to leave home to access the treatment their child deserves. For more information about this, please visit benstelterschoolfundraiser.com/cause

Title Sponsor **\$25,000**

The Title Sponsorship represents the biggest partnership opportunity within the Ben Stelter School Fundraiser (BSSF) and plays a critical role in the success and impact of the campaign. This contribution directly supports the execution of the fundraiser while also advancing our broader mission of establishing a Proton Beam Therapy Centre in Edmonton by 2028. To date, the fundraiser has engaged over 30,000 students, with continued expansion planned in the years ahead.

As the Title Sponsor of the Ben Stelter School Fundraiser, your brand will receive significant exposure across schools throughout Edmonton, reaching a wide audience of students, parents, and educators involved in fundraising activities and school initiatives.

This partnership includes a VIP McDavid Assembly experience, featuring a photo opportunity with Connor McDavid and a signed Oilers jersey. In addition, your organization will be prominently recognized with “Presented by [Company Name]” placement across our website, news site, and all school donation pages, alongside logo visibility on these platforms. In addition to that, your organization’s logo will be featured on all promotional flyers & printed handouts. Our marketing flyers are delivered to approximately 380 schools in the Edmonton & surrounding areas. We will also be distributing our information packages to schools. This package will be both digital and printed, with the later given to all participating schools. This informative package contains all the information relevant to participating schools & student leaders. The sponsorship also includes dedicated social media recognition and verbal acknowledgements at the McDavid Assembly.

Promotional Incentives

These images show the placement of where your logo could go on our donation pages, our main & news websites, along with examples of posts that will be posted on the BSSF’s social media platforms

Gold Sponsor \$12,500

The Gold Sponsorship represents a premier partnership tier within the Ben Stelter School Fundraiser (BSSF) and plays a vital role in supporting the success and continued growth of the campaign. This contribution directly supports the execution of the fundraiser while advancing our mission to establish a Proton Beam Therapy Centre in Edmonton by 2028. To date, the fundraiser has engaged over 30,000 students, with continued expansion planned in the years ahead.

As a Gold Sponsor of the Ben Stelter School Fundraiser, your organization will receive significant brand exposure across schools throughout Edmonton, reaching a wide audience of students, parents, and educators involved in fundraising initiatives. Your logo will be prominently featured across major BSSF platforms, including our website, media coverage, school donation pages, and key promotional materials.

This sponsorship includes a VIP McDavid Assembly experience, featuring a photo opportunity with Connor McDavid and a signed Oilers jersey. In addition, your organization's logo will be featured on promotional flyers and printed handouts distributed to approximately 380 schools across Edmonton and surrounding areas. Sponsors will also be included in our official information packages—both digital and printed—shared with all participating schools and student leaders, containing key information and resources related to the fundraiser.

Community Sponsor

**\$5,000 or
Prize Sponsorship**

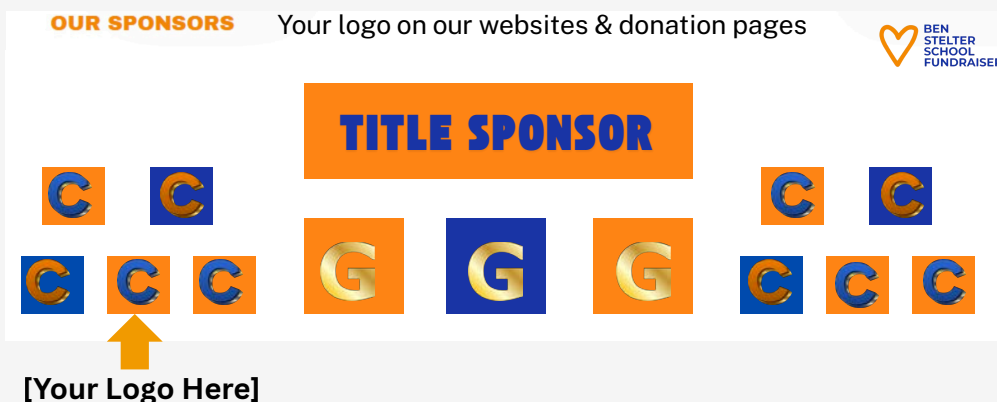

The Community Sponsorship plays an important role in driving engagement and participation across the Ben Stelter School Fundraiser (BSSF). This support contributes directly to the execution and continued growth of the fundraiser, while advancing our mission to establish a Proton Beam Therapy Centre in Edmonton by 2028. To date, the fundraiser has engaged over 30,000 students, with continued expansion planned in the years ahead.

As a Community Sponsor for the Ben Stelter School Fundraiser, your brand will receive significant exposure throughout schools across Edmonton, reaching a wide audience of students, parents, and educators involved in fundraising activities and school initiatives. Your organization's logo will be placed on all major BSSF sites/promotions, including our main & news site, all donation pages, major promotions, and much more!

Prize Sponsorship Option:

Prize contributions are a key driver of engagement and overall participant experience. Organizations may choose to sponsor prizes for fundraising teams, student leaders, classes, or entire schools, creating meaningful incentives while generating brand visibility. For more information on prize sponsorship option ideas, please fill out the sponsorship request form available on page 8.

Contact Us

Interested in partnering with the Ben Stelter School Fundraiser (BSSF) and supporting the advancement of Proton Beam Therapy in Canada?

We invite organizations to join us in this impactful initiative led by students across Edmonton, helping drive meaningful change in pediatric cancer care.

If you are interested in becoming a sponsor, please fill out our sponsorship inquiry form linked below:

<https://forms.gle/dnU92mfSM6ghVyo57>

For any additional questions regarding the fundraiser or sponsorship opportunities, please contact our Marketing Director, Alex Sokolovski, at: alexanderssokolovski@gmail.com

The Ben Stelter School Fundraiser stands out as a truly unique initiative, being entirely led and operated by grade school students. Our internal team is made up of passionate young leaders who are committed to playing a meaningful role in bringing Canada's first Proton Beam Therapy Centre to Edmonton.

In 2025, with the significant growth in participating schools, BSSF became Canada's largest student-led multi-school fundraiser, reflecting the scale and impact of this student-led movement.

Partnering with the Ben Stelter School Fundraiser provides your brand with valuable exposure across schools and households, while also positioning your organization as a key contributor to a transformative healthcare initiative. Together with our sponsors, we are working toward a future where Proton Beam Therapy is accessible in Canada, making a lasting impact on children and families nationwide.

 **Together, Let's Bring Proton Beam Therapy To Canada!**
