FILM SUMMARY

Memory Lane is about a young woman named Jane who gets told by a psychic the exact date she meets her soulmate.

One problem. The date Jane met him was 27 years ago, when she was eight!

Jane has built a life and a business that she loves in the city. Things are good!

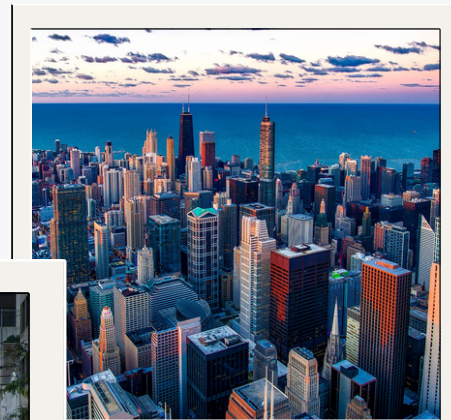

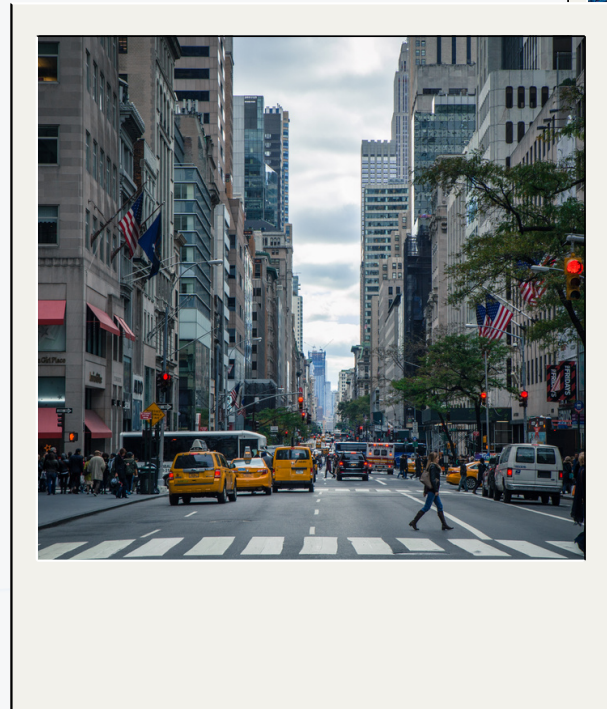

But now fate has given Jane a mystic puzzle to solve that may change her life.

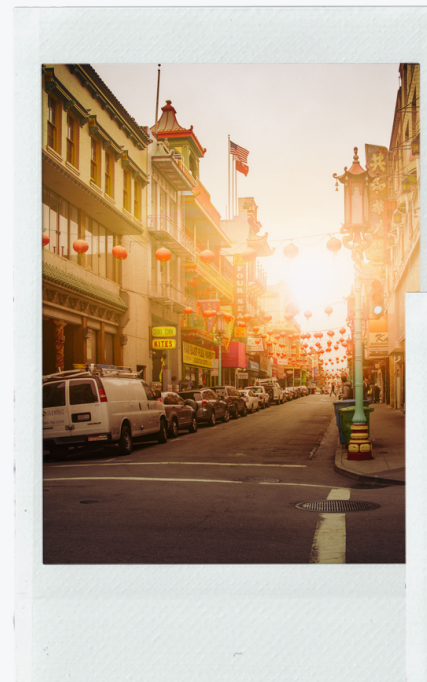

And to do that, Jane needs to go back to her hometown with her best friend to find out what happened on one particular day when she was a kid.

Seriously, how hard could that be?
