INSTANT RELIEF! NO CHEMICALS!

Managed to get a bee sting on my finger... pain stopped pretty much instantly. Redness began to fade... I have decided to get a few to give to our adult kids for THEIR first aid kits. I consider it a must-have.

DIDN'T EXPECT MUCH... ENDED UP PACKING IT IN EVERY BAG

I was a skeptic, but this tool actually works... it noticeably reduced the itching and swelling within minutes... it's easy to clean and small enough to keep in a bag or car... still, I won't be going outdoors without it anymore.
