

GULF COAST
TOOL & RENTAL

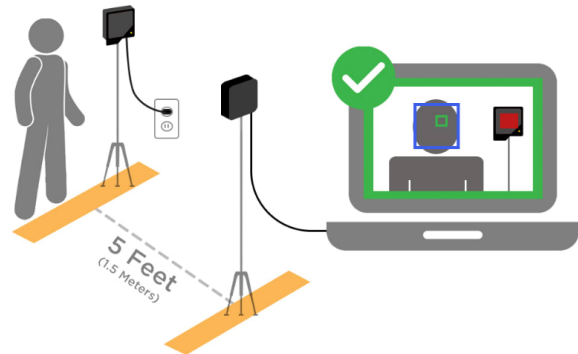

READY TO GET BACK TO BUSINESS?

We're here to help!

GCTR CONTACTLESS TEMPERATURE STATION

Gulf Coast Tool & Rental is now offering a Contactless Temperature Station to help keep your business and employees safe. This system quickly scans your employees, customers, students and/or faculty for elevated temperature. It is completely contactless and non-invasive, providing a safe way to test for a customizable temperature threshold. It works in all environments, from industrial plants to schools and offices. The system is available for rental and/or purchase. Contact us today to learn more about the system and its benefits or to receive a quote. Each kit will include: (2) tripods, scanner, temperature-controlled reference device, computer, flash drive, work station w/ chair, 100 ft extension cord and surge protector, social distancing mats and floor stickers, tent (*optional*), all delivered in one convenient storage Jobox for safe and easy transport.

FEATURES

ENABLES SOCIAL DISTANCING

Non-contact and non-invasive screening eliminates contact between staff & participants. Can measure up to 5 feet away.

FAST, AUTOMATED SCREENING

Screens 1 person per second, automatically detects a face, finds the most reliable spot to measure and displays an instant pass/fail alert on your monitor.

EASY TO USE

Quick set-up and easy to use. Start scanning in minutes using 2 tripods and a PC (provided).

AFFORDABLE

Priced significantly lower than other thermal screening solutions while maximizing efficiency and accuracy.
