GCTR GULF COAST TOOL & RENTAL

WE KNOW EVERY EMPLOYEE, CUSTOMER AND VENDOR HAS A CHOICE. WE ARE COMMITTED TO BEING THAT CHOICE.

For over 20 years, Gulf Coast Tool & Rental (GCTR) has serviced the Petrochemical industry specializing in tool sales, repairs, and rentals. Our services also include precision tools, pressure technology, hoist load testing, and much more. GCTR services contractors, refineries and owner/operators along the Gulf Coast, including Corpus Christi, Houston, Beaumont, Louisiana, and other surrounding areas.

GCTR GULF COAST TOOL & RENTAL

TOOL RENTALS

Your Go-To Consultants and Supplier.

Our full-service tool rental department ensures you not only get the best service and the fastest turnaround, but also the right tools for the job. Our team of tool rental specialists can assist with identifying the tools our customers really need to execute their projects.

TOOL SALES

GCTR is a distributor for many major tool manufacturers. We also offer a wide variety of rebuilt tools with a limited warranty.

TOOL REPAIR

There's Nothing We Can't Fix.

You know the kids that grew up taking things apart just to see how they worked and then figuring out how to put them back together? That was us. Today, our repair expertise comes from our vast amount of Petrochemical industry experience, repairing numerous industrial tools. Most importantly, it's not just about getting the job done, but getting it done right. Our high-quality tool repairs ensure you can get your job done right. In addition to tool repairs, we also sell tool parts.

- Pneumatic
- Fall Protection
- Pressure Gauges
- Torque Equipment
- Hoists

TESTING EQUIPMENT

GCTR GULF COAST TOOL & RENTAL

HYDROSTATIC TEST PUMPS

RENT, REPAIR, OR BUILD

GCTR is a leading manufacturer of hydrostatic test pumps, offering a comprehensive range of test systems across six distinct series. Each series features multiple configuration options tailored to various optimal application types. If you have specific requirements, we can custom-build systems to meet your exact specifications. Additionally, we provide repair services for all brands of hydrostatic test pumps. For a detailed overview of each system and to download our entire Pressure Technology Catalog, visit *www.gctr.com/hydrostatic-test-pumps*.

Our Pressure Technology division specializes in designing, manufacturing, and servicing hydrostatic testers, hydraulic power units, control panels, and inert gas-booster testing systems. We can combine your specifications and our expertise into a custom-built system designed specifically for your application. Put our design team to work for you.

RENT, REPAIR, TEST & CERTIFY

All hoists and pullers are digitally tested and certified using our custom built Certified Dillon Digital Load Cell at 125% of rated load. Each product undergoes a comprehensive visual inspection for potential failures, followed by buffing, degreasing, and thorough cleaning to remove dirt, rust, oil, and water. Damaged or worn parts will be replaced, and hoist is then tested again at 125% of rated load. Finally, all hoists are repainted, decals are replaced, and a load test certification is provided with each unit.
