## CUSTOM BUILT TEST SYSTEMS

Our Pressure Technology division specializes in designing, manufacturing, and servicing hydrostatic testers, hydraulic power units, control panels, and inert gas-booster testing systems. We can combine your specifications and our expertise into a custom-built system designed specifically for your application. Put our design team to work for you.

If you have custom specifications or would like more information on a custom build, please contact [sales@gctr.com](mailto:sales@gctr.com) or call us at (832) 456-4585.
