# COUNTER TOP GAS STOVE

# COUNTER TOP GAS STOVE

▲ GB-2Y

▲ GB-4Y

▲ GBS-1YC

Model:	GBS-1YC
Dimension:	380x460x215mm
Thermal Power:	5KW x 1
GAS Type:	LPG, Natural Gas

▲ GBS-2YC

Model:	GBS-2YC
Dimension:	760x460x215mm
Thermal Power:	5KW x 2
GAS Type:	LPG, Natural Gas

▲ GBS-2Y

Model:	GBS-2Y
Dimension:	660x490x360mm
Thermal Power:	5KW x 2
GAS Type:	LPG, Natural Gas

▲ GBS-3Y

Model:	GBS-3Y
Dimension:	990x490x360mm
Thermal Power:	5KW x 3
GAS Type:	LPG, Natural Gas

**High Quality Stainless Steel**  
Fashion generous durable at the same time, hold Super corrosion resistance, even more new.

**Corrosion Resistance**  
Made of high quality stainless steel, with good Good corrosion resistance and durability.

**Corrosion Resistance**  
Carbon monoxide emissions were only 0.032 percent, well below national environmental standards.

## The Performance Characteristics Of

● The pot stove USES the direct fire to avoid cleaning the stove head, the electronic spark valve body, the extra-thick stainless steel shell, the electronic assembly air supply, the energy saving stove, when the water boils quickly, until the boiling, you will find the bottom of the pot is full of bubbles, not just in the middle. Heating is uniform, suspended combustion, carbon monoxide emissions are only 0.032%, far below the national environmental standards. No smoking pot, no rust, no blockage, safety insurance.
