Gas Griddle

Model:	Dimensions(mm):	Power:	N/W:
HGG-350	350x520x320	4KW/hour	40Kg
HGG-500	500x580x345	3KW/hour	50Kg
HGG-600	600x580x345	6KW/hour	60Kg
HGG-750	750x580x345	6KW/hour	75Kg
HGG-900	900x580x345	9KW/hour	90Kg
HGG-1100	1100x580x345	12KW/hour	110Kg

ELECTRIC GRIDDLE

The Performance Characteristics Of

1. Plate plating technology, to avoid the occurrence of rust, even if long time use is still bright as new; 2. Equipped with automatic air-break and power-off valve to ensure safety in use; 3. Heat resistant and heat insulation materials and double-layer heat insulation process design.

▲ FEG-48

High Quality Stainless Steel
Fashion generous durable at the same time, hold Super corrosion resistance, even more new.

Corrosion Resistance
Made of high quality stainless steel, with good Good corrosion resistance and durability.

Corrosion Resistance
Carbon monoxide emissions were only 0.032 percent, well below national environmental standards.
