

LOW-PROFILE, ERGONOMIC DESIGN

The Powr-Flite PAS20BA-BC Automatic Scrubber is the simplest, most durable and user-friendly machine in Powr-Flite Predator Series of Automatic Scrubbers. Solution flow is activated by the brush/pad driver to conserve water and cleaning chemicals, while the parabolic swing squeegee picks up all the solution even on the tightest turns. Easy to use, easy to clean and easy to transport, the Predator 20" takes cost-effective floor scrubbing to new levels!

The compact design of the Predator 20 is a true labor-saving alternative to a mop, bucket and wet/dry vacuum.

Removable recovery tank provides easy access to internal components.

Simple control panel includes key switch, battery meter and hour meter.

Easily accessible batteries

Fully adjustable parabolic swing squeegee provides complete solution recovery even on the tightest turns.

PRODUCT SPECIFICATIONS	
MODEL	PAS20BA-BC
CLEANING WIDTH	20"
SQUEEGEE WIDTH	Fully adjustable parabolic swing squeegee, 30"
SOLUTION/RECOVERY TANK	11/12 gal.
BRUSH MOTOR	.75 hp, 200 RPM
CLEANING EFFICIENCY	17.500 ft ² per Hour
VOLTAGE	24V DC
VACUUM MOTOR POWER	.75 HP, 2-stage tangential discharge
WEIGHT (WITHOUT BATTERIES)	210 lbs.
LENGTH X WIDTH X HEIGHT	49" x 26" x 44"
BATTERIES	12 volt, 115 a.h. @ 20 hr. rating (wet)
WEIGHT	220 lbs. without batteries 372 lbs. with batteries
WARRANTY	5 yrs. - tank, 2 years - brush/vacuum motors, 1 year - parts and labor
