The unique design of the Never Furl® device, allows each bushing to work independently with the wind by moving up and down, and rotating around the pole, thereby eliminating flag wrapping!

All Products are 100%  
Made in the U.S.A.

Each set includes your choice of a specially made heavy gauge aluminum pole, or honey-comb fiberglass pole for added strength to ensure the flagpole does not bend or break like many of our competitor's products!
