The innovative design of the heavy-duty adjustable aluminum bracket allows the bracket to be securely clamped to railings of virtually any material!

Works great on wrought iron, wood, aluminum, or chain-link fences from 3/8" up 2" square, rectangular, round or oval railings

Ideal for balconies on ground-level condo's and apartments. Also works great on boats and RVs!

Comes pre-assembled with all parts and instructions!

No other device like it!

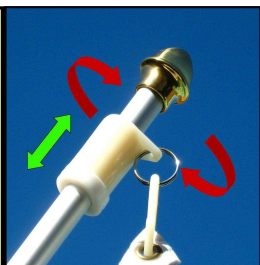

NeverFurl Railmount RM-100-6-WH

Heavy gauge 1" diameter, 6' Aluminum pole, white NeverFurl non-furling device, adjustable Railmount mounting bracket and acorn.
(Flag not included)

New in 2022 we will be offering a black anodized pole with a black Railmount mounting Bracket and a black Neverfurl

The unique design of the included **Never Furl®** device, allows each bushing to work independently with the wind by moving up and down, and rotating around the pole, thereby eliminating flag wrapping!

**All Products are 100%
Made in the U.S.A.**

Each Railmount set includes a specially made **heavy gauge**, (.058" wall thickness), **anodized** aluminum pole for added strength to ensure the flagpole does not bend or break like many of our competitor's products!

U.S. Patent No. 5,375,555
