DEAR COMMUNITY,

Help transform Okemos athletics! This project is one of those projects that has the opportunity to benefit and enhance every athlete and team.

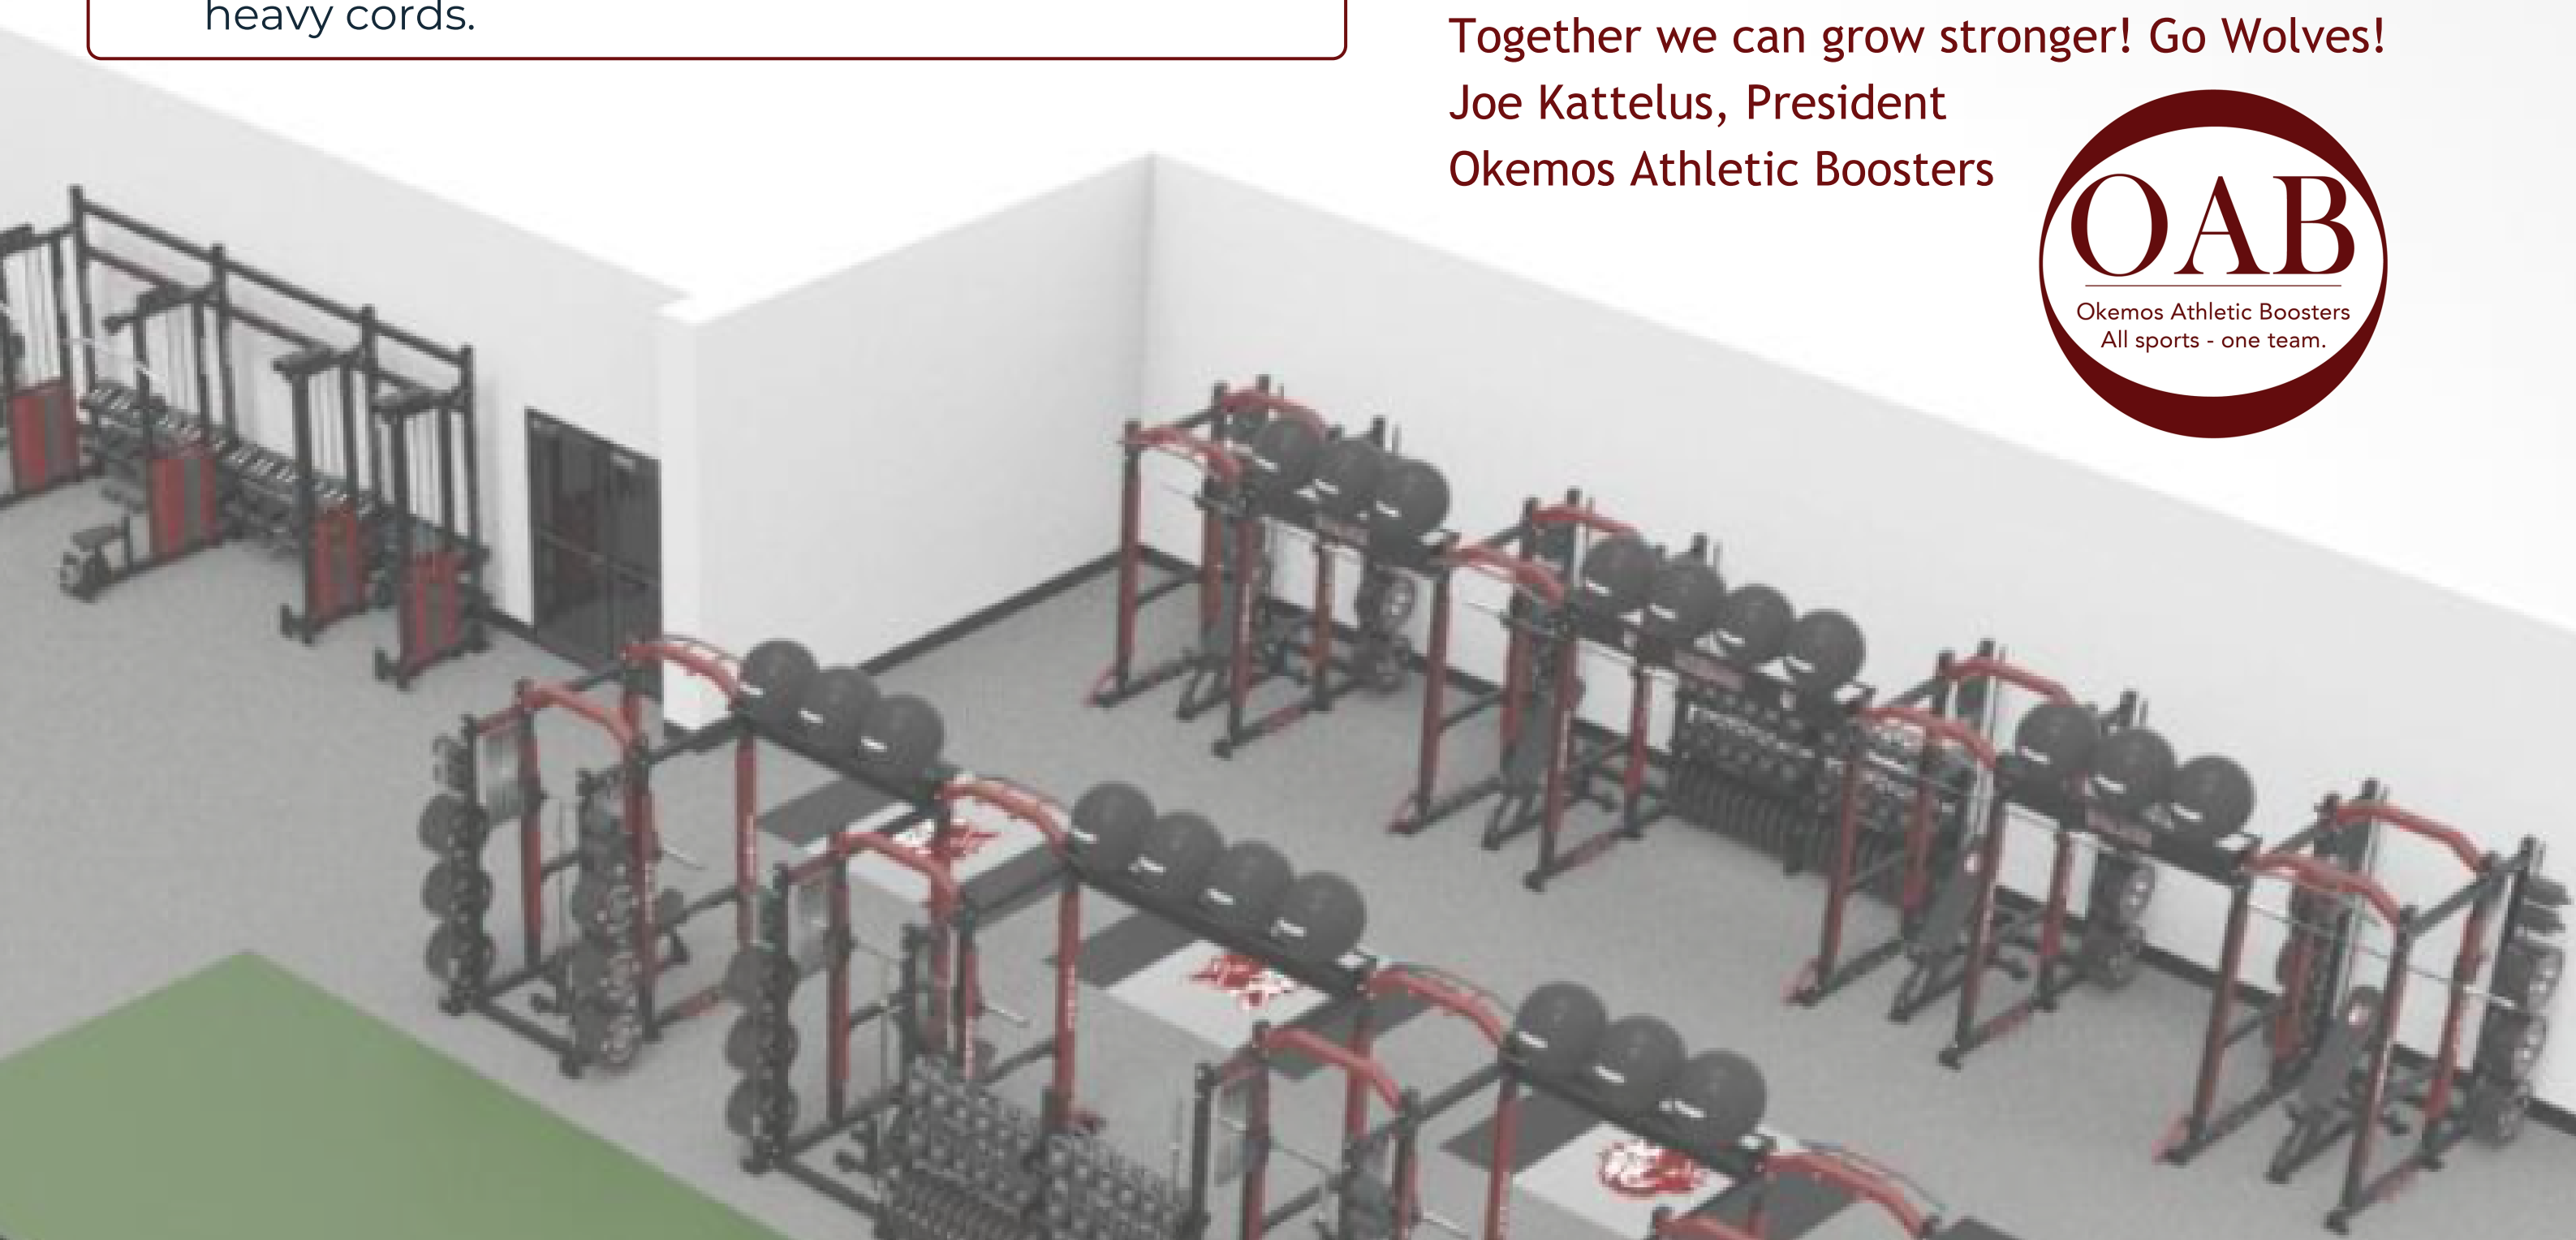

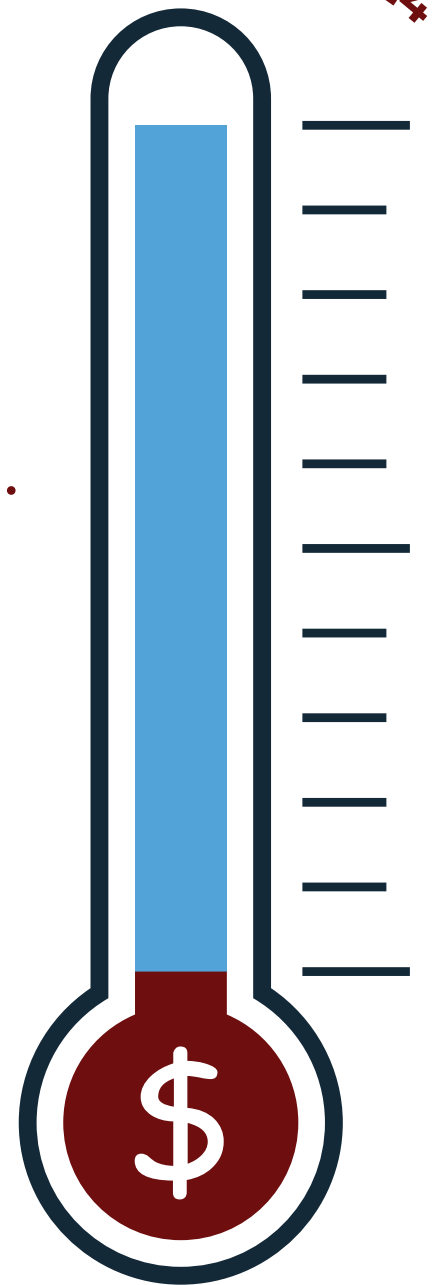

The Okemos Athletic Boosters acts as a link between the community and OHS athletic programs. Together, we can strengthen the foundation of athletics over the next 10 to 15 years with this single project.

Please consider contributing to the 2024 Booster Legacy Project to demonstrate our appreciation for the students and athletes. Let's show them that we acknowledge the significance of teamwork and community involvement.

Together we can grow stronger! Go Wolves!
