

# Corporate Partner Program

Tailored Solutions that **Improve Engagement, Productivity, & Readiness**  
through On-Site Auto Services for Your Employees

Finding great employees is challenging—that's why retaining Top Talent is so critical to long-term success. In today's time-starved world, companies know engagement & productivity start beyond the company walls, that employee readiness begins with personal readiness. **Have you considered the full impact your team's personal auto maintenance has on your company?**

- **Safety.** US auto crashes have an \$871 billion impact annually, and crash deaths each year result in \$44 billion in medical and work loss costs.<sup>1</sup> Transportation-related injuries account for 21% of emergency treatment costs.<sup>1</sup> Prevention starts with regular maintenance & checks of key safety components, such as brakes, tires, & lights.
- **Productivity.** Routine vehicle maintenance remains a top reason that employees leave work during business hours.
- **Readiness.** The average car on US roads in 2019 was 11.9 years old—the highest it's been in history!<sup>2</sup> *Business Insider* reports that the lack of reliable transportation is a major hurdle to employment for many demographics.<sup>3</sup>
- **Engagement.** Juggling appointments, overdue service, lack of time, fear of break-downs—all these create stress and distractions that reduce your team's focus and engagement, both at work and at home.

The **ABLE MOBILE Corporate Partner Program** offers employers a safe & convenient way to provide regular vehicle maintenance & inspection services on-site, with options designed to benefit both your team members and your company. Programs are flexible to fit [your](#) needs and [your](#) location.

**HOW IT WORKS** *We work with you to craft the right programs for your team and identify a service location. We'll also create a custom web-based portal to schedule and manage appointments, as well as provide materials to inform your team of our services.*

#### A Few of The Services We Provide\*

- 51-Point Full Vehicle Inspections
- Premium Synthetic Oil & Filter Changes
- Engine & Cabin Air Filters
- Wiper Blade Installation
- Open Safety Recalls\*
- Fluid Level Top-Offs
- Tire Rotations
- Brakes & Rotors Change
- Battery Testing & Exchange

\*service availability and timing subject to vehicle type, demand and current conditions; OEM parts are available upon request at additional cost. Recalls are identified and we will work with the appropriate authorized manufacture dealer to help facilitate an appointment.

#### Frequently Asked Questions

➤ **How many vehicles can be serviced at my location?**

As a rule, we are **ABLE** to service up to 24 vehicles in an 8-hour period. We are also **ABLE** to accommodate 2<sup>nd</sup> and 3<sup>rd</sup> shift workers, as well. We can customize the schedule to work for you and your team.

➤ **What happens if a vehicle needs mechanical work?**

We are here to help & save you **TIME**. If our technicians find a mechanical issue during the inspection, we are **ABLE** to alert the customer, get an estimate from the customer's preferred dealership or service center, share the information, and even help manage getting the vehicle to and from the selected location. Again, saving **TIME!**

➤ **Do I need to sign a contract or guarantee a minimum amount of services per visit to our location?**

No. There are no contracts nor minimums. All you need to do is let your people know when we will be at your location. We will create a web-based portal for your team to access to make reservations and manage their services through our management system.

➤ **What if I want to arrange special pricing, as an added benefit for my team?**

Your ABLE Professional will work with you to custom-fit our solution to your team's needs.

#### SPOTLESS SERVICE GUARANTEE™

ABLE is dedicated to protecting the environment. From our closed oil extraction process to our exclusive spill prevention barriers that absorb oils even in the wettest conditions, our service ensures that no spills, drips, or drops ever reach the ground.

Our standard Blue Glove Treatment also eliminates virtually all the contact you would normally expect at a dealer or service center, to take care of your vehicle and your peace of mind.
