

We are an independently owned and licensed provider of in-home assistance for Seniors and post-surgery patients in the Wilmington and surrounding areas. Our goal is to provide the very best personal care services available. Our quality control standards are our highest priority, and we take pride that our employees are among the best in the business.

Our goal is to keep our Seniors happy, safe and independent for as long as possible. We want you and your family to know your loved one is in good hands while you are away. Our RN-supervised Caregivers are carefully screened and the primary criteria we look at for hiring, including their skill sets, are integrity and character.

- Fully licensed
- Bonded & Insured
- License# HC5624
- Trained CNA's
- Character
- Criminal Bkgd. Checks

① Personal Care Support

Our CareGivers are specifically trained to assist with the more complex tasks like bathing, dressing, toilet transfers, bedpan use and oral care. We can also help with managing medications, monitoring, vital signs and supervising nutrition and hydration.

② Companionship Care

Support with basic tasks around the house can be the difference in helping your loved one stay independent and safe at home. Tasks like planning meals, grocery shopping, preparing meals and light housekeeping. We also have overnight care from bedtime to wakeup for those who just want to feel safe while home alone at night.

③ Transportation need

Our CareGivers are a safe option for getting to and from the doctor, pharmacy, hospital or just everyday errands. We monitor employee driving records at hire and annually.

- 24/7 Care
