

OUR  Golden Heart  
Caregivers®

# LIVE-IN MODEL

*Continuous 24-Hour Care*

- \* We will provide 3 caregivers to split the week, much less turnover interruptions than the 5-10 caregivers needed for awake shifts.
- \* They are our employees and we pay their taxes, insured, bonded and covered with workers compensation in case they hurt themselves in your home.
- \* We handle all scheduling issues and we have backups to cover your loved one, should a caregiver call out of work unexpectedly.
- \* The caregiver is allowed their own bedroom and 8 hours of sleep with 1-2 interruptions to help the client to/from bathroom trips.

Call us today so we can  
discuss if your loved one  
is appropriate for this  
Live-In Model.
